## Alberta Member Is Sentenced to Three Months' Hard Labor

J. H. Unwin, Social Credit M.P.P., Jailed on Defamatory Libel Charge

Judge Comments in Giving Ruling

EDMONTON (CP)—Joseph H. Unwin, Social Credit member of the Alberta Legislature, was sentenced to three months' hard labor at Fort Saskatchewan jail by Mr. Justice W. C. Ives in the Alberta Supreme Court here today. Mr. Unwin was convicted Wednesday by a six-man jury of defamatory libel "well knowing" it to be false, in connection with publication of pamphlets entitled "Bankers' Toadies."

Mr. Justice Ives, in passing sentence, warned Mr. Unwin that he had reached a mile-post in his career—a mile-post at which you should do a little personal stock-taking.

The judge told Mr. Unwin that when voters of Edson constituency elected him a member of the Legislature they conferred on him the highest honor in their power and in return he owed to the voters the "very best" public service which he was capable of giving.

The taxpayers were paying Mr. Unwin \$1,800 a year for the loss of his time given to the public service, Mr. Justice Ives continued, and "you cannot swear that some of your conduct in the Legislature" has been in the public interest.

### LENIENCY SUGGESTION

Mr. Justice Ives told the member he was taking into consideration the jury's recommendation for leniency and also a statement made by defence counsel. The court said maximum sentence for the crime on which conviction had been registered was two years' imprisonment and a fine of \$400.

Before sentence was passed, R. Frederick Jackson, counsel for Unwin, told the court that evidence which had been referred to during the trial showed that Mr. Unwin, government whip in the Legislature, had had no part in writing or preparation of the libelous matter. Mr. Unwin had received the copy intact, and, having done other printing work, (Turn to Page 22, Col. 8)

## Social Credit Expert On Trial

G. F. Powell, From Britain, Before Judge in Edmonton, Alta.

EDMONTON (CP)—Evidence he had discussed the pamphlet "Bankers' Toadies" with the accused was given by J. H. Unwin, Social Credit M.P.P. for Edson, in appearing as a witness in the trial of George F. Powell, British Social Credit technician, on two charges of defamatory libel in the Supreme Court of Alberta before Mr. Justice W. C. Ives.

Mr. Powell elected for nonjury trial before Mr. Justice Ives and Mr. Unwin, sentenced earlier today to three months in jail on a charge of publishing a defamatory libel knowing it to be false, was called by George H. Steer, K.C., conducting the private prosecution, as a witness.

Mr. Unwin was under cross-examination at noon by Hugh Calais Macdonald, K.C., counsel for Mr. Powell, and was expected to give further evidence this afternoon. Both the charges against Mr. Unwin and Mr. Powell developed from publication of the "Bankers' Toadies" pamphlet that named nine Edmonton men.

Mr. Unwin said he thought he first had seen the original copy of the pamphlet in the possession of Mr. Powell and had discussed it with him.

When Mr. Steer asked him how copies of the pamphlet came to be placed on desks in the Alberta Legislature during the special session which ended October 5, Mr. Unwin said he did not know. (Turn to Page 2, Col. 7)

## Beating of Man Said to Be Error

VANCOUVER (CP)—A case of mistaken identity proved more than embarrassing to E. Cameron, victim of an attack by two men near his home here.

"It's the wrong man," one of the attackers said as they fled after knocking Cameron down and severely beating him Thursday night.

## Many Island Camps In Forest Projects

Government's Winter Programme to Improve Park and Forest Areas

Three projects in the vicinity of Victoria are included in the provincial government's winter forestry camp plan for single unemployed. The forest branch today gave details of its programme which includes 20 projects and will give work of approximately 1,800 men.

The work in the Victoria area will take in Mount Douglas Park, where a start was made on a one-mile road to the top of the hill, cribbing along the waterfront and general clearing up of the woods; John Dean Park at Mount Newton, where a road will be built into park and general improvement work done, and Thetis Lake Park, where general improvement and clearing is planned.

Several other projects will go ahead on Vancouver Island. Some are a continuation of the work done last winter and others are new.

At the Cowichan Lake forestry experimental station the highway from the south end of the lake to the station will be improved for auto traffic.

At Elk Falls Park, nine miles from Campbell River, clearing

and improvements will be continued.

At Koksilah work will be done on the old Silvermine trail leading toward Jordan Meadows and streams will be cleared out for the game board, improving the area for fishermen.

General improvements are proposed at the Campbell River ranger station, and at Stamp Falls, seven miles from Alberni, work will be done for the game board and the park cleared.

At Skutumpah, on Cowichan River, improvements will be done at the request of fish and game clubs.

Crews will be sent in to Little Qualicum Falls, where a provincial (Turn to Page 2, Col. 6)

## Ships Move In Whangpoo Now

SHANGHAI (AP)—Japanese naval authorities announced today the Whangpoo River was now safe for passenger and freight ships with the retreat of Chinese troops after months of bitter fighting in this city.

## Lieut.-Governor E. W. Hamber Honors War Dead

With bowed head His Honor the Lieutenant-Governor stood yesterday before the Cenotaph on Parliament Square to pay his tribute to the memory of Canadians who died in the Great War, after laying a wreath at the foot of the memorial. One of four sentries mounted at the corners of the Cenotaph, a naval rating in war-time steel helmet, stands with reversed arms.

## Victoria Honors Memory of Fallen

Around Cenotaph 6,000. Stand With Bowed Heads During Silence

With heads bowed under a gray sky, 6,000 people stood on Parliament Square, on Belleville Street and on the Causeway yesterday morning to remember that 19 years ago, at the 11th hour of the 11th day of the 11th month, the guns were suddenly silent in France and men rose out of the mud for the last time.

At the same time other hundreds paid their tribute in the Esquimalt Memorial Park.

At 11 the tenor bell of Christ Church Cathedral stopped tolling. A gun boomed out over the inner harbor, and as the plume of its smoke blew away down the light wind the city fell quiet.

At the end of the two minutes of silence the voice of Rev. G. R. V. Bolster carried clearly over the crowd:

"They shall not grow old as we that are left grow old; age shall not weary them nor the years condemn. At the going down of the sun and in the morning we shall remember them."

### PIPER'S LAMENT

Then from beside the Cenotaph, at whose four corners steel-helmeted naval, artillery and infantry sentries stood resting on their arms reversed, came the mournful skirl of a piper's lament: "For the Flowers of the Forest... Are at a Wedge Away." (Turn to Page 22, Col. 7)

## CHINA TROOPS FALLING BACK

Shanghai Army of 400,000 Taking Up Positions 50 Miles West of City

SHANGHAI (AP)—China's Shanghai forces, about 400,000 strong, fell back Friday toward the Chinese "Hindenburg line" more than 50 miles to the west.

Japanese troops, numbering 200,000, forced Chinese from towns and trenches in the Shanghai area. The Chinese fought only rearguard actions as they withdrew toward the chain of trenches and pillboxes, stretching from Changshu south through Soochow, Wukiang and Gaishing and protecting Nanking.

Nippon's war planes ranged into the interior as the troops advanced. One flight bombed the American Church Mission hospital at Wusih, 80 miles north. (Turn to Page 2, Col. 5)

## Basque Children, Returning, Weep

LONDON (AP)—One hundred and sixty Basque children of the 4,000 Great Britain rescued from war in northern Spain started back for their homeland today, many of them in tears.

"They were all terribly sorry to go back," said Mrs. Leah Manning, a member of the National Joint Committee for Basque Children.

"Many of the boys threatened to throw themselves in the sea rather than return to Bilbao," said Mrs. Leah Manning, a member of the National joint committee. "They are more afraid of Franco's rule than Franco's bombs."

## VIEWS DIFFER ON COUP IN BRAZIL

Not European Fascism, Say Vargas Aides; Fleeing Deputy Disagrees

RIO DE JANEIRO (AP)—Foreign diplomats watched the unfolding of Brazil's new authoritarian programme today with the assurance of Getulio Vargas's foreign minister it was "neither Fascist nor Communist," but had "democracy as the basis."

President Vargas, who assumed wide dictatorial power by replacing Brazil's often suspended "liberal" constitution with an authoritarian document in a bloodless coup Wednesday, was seeking to fill out his cabinet, which moved over into the new regime almost intact.

Minister of Agriculture Odilon Braga, however, had resigned and his portfolio was offered to Fernando Costa, president of the national coffee department.

The situation in the capital was calm—as though no change had taken place—and this tranquility seemed to extend through the nation.

Mario de Pimentel Brandao, is Foreign Minister.

## Duke to Meet Paris Veterans

New Event Arranged By British Legion Following Incident at Church

PARIS (AP)—British veterans of the Great War today planned an event at which the Duke of Windsor would be received—in replacement of the invitation to an Armistice Day service which he declined here Thursday.

Col. Theodore Crowther, commander of the Paris veterans' post, said several suggestions had been made and the post would attempt to fulfill the Duke's expressed wish to meet the veterans.

A friend said he believed the Duke's disappointment at not being able to attend Thursday's memorial ceremonies at St. George's Anglican Church and Notre Dame Cathedral was greater than when he recently postponed his tour of the United States.

port, told a Havas correspondent today:

"Vargas has fallen into the claws of European Fascism, which needs South American products for an eventual war."

Joacafe contended the new constitution did not maintain a democratic form of government as Vargas insists.

## Health Commission Will Be Retained

Four members of the Health Insurance Commission and four staff employees have been retained by the government and will remain "until their work is completed," Hon. G. M. Weir, provincial secretary, informed Herbert Anscomb, Conservative, Victoria, in an answer to questions in the Legislature Wednesday.

The chairman, appointed for seven years is paid \$6,000 a year; the vice-chairman, for five years, at \$5,500 a year, and the other commission members for five years at \$1,000 a year.

SEATTLE (AP)—A group of 76 Vancouver, B.C., school supervisors, principals, board members and their wives today visited and inspected classroom and shop work in various schools here, among them the Edison Vocational School. They will be banquet guests tonight.

## Local Officer Makes Capture

Constable G. Davis of Provincial Police Arrests Trio For Safe-cracking

Constable Gerald Davis of Saanich, stationed with the B.C. Police at Spuzzum, yesterday afternoon effected the single-handed capture of three men alleged to have broken a safe and escaped with \$816 from Kelowna.

Radio advices to headquarters here today stated Davis apprehended the trio in a suspected car on the Cariboo Highway.

Covering the men as he searched the car, Davis found the missing money and immediately placed the trio under arrest.

They were returned to Kelowna late yesterday, where they will be charged with breaking and entering and theft from the Kelowna Grain Growers' Exchange.

The exchange was entered on Wednesday night or early yesterday morning. When police were advised they spread a dragnet over all highways leading to the coast, and within a few hours Davis had captured the men.

Constable Davis' work was fittingly praised by executive officers of the force here this morning. His family resides at Sidney. For two years he was stationed at district headquarters here under Sgt. Richard Harvey, and recently he was promoted to take charge of the detachment at Spuzzum.

## BUILD FORTS OFF VICTORIA

Work Being Rushed on Defence Scheme at Albert Head

Construction of military forts in the Albert Head district is being rushed under orders from the Department of National Defence.

Approximately 200 unemployed men, ex-soldiers and members of the nonpermanent militia are employed on the job, which is being done by the Northern Construction and J. W. Stewart Company, in conjunction with the E. J. Ryan Construction Company of Vancouver.

The men working on the project are sworn to secrecy, and the Department of National Defence has issued no statement on the work. The plans have been kept secret.

These forts, which face the Straits, a few miles from Race Rocks, augment other defence works undertaken in the last year.

The Navy Dockyard at Esquimalt has had several alterations and new additions for both office staffs and seamen. A new powder magazine has been erected across the harbor, on the Island Highway side.

## Snow Blankets South Alberta

CALGARY (CP)—Snow, in heaviest form in most districts, covered southern Alberta today. It was general throughout the foothills country south to the United States boundary and east to the Saskatchewan border.

Slippery roads, ice-coated under the snow, brought many motor mishaps. Six persons were in hospitals in Calgary, victims of traffic accidents. At Lethbridge, Paul Vigo, 22-year-old miner, was fatally injured when knocked from his bicycle by a car.

WINNIPEG (CP)—Snow blanketed the prairies during Armistice Day and early today, flurries appeared at Saskatoon and Prince Albert, where rain and sleet also fell.

## Speechmaking Opens Tonight

R. W. Mayhew, Liberal, Will Fire First Verbal Shots in Federal By-election

Liberals will fire the first shot in the federal by-election campaign tonight, when R. W. Mayhew, Liberal candidate, will speak in the Oak Bay Theatre Hall at 8, supported by Alderman W. T. Straith, M.P.P., and Mrs. H. P. Hodges.

Conservative and C.C.F. parties made plans today to start their campaign on Monday.

There will be no lack of support for the various candidates, as the provincial leaders of the three parties are in Victoria for the session of the Legislature. Members will be called on to lend their support during the campaign, one of the briefest in the history of federal politics in the city. It will also be one of the most interesting and significant as it will be the third federal test in little more than two years.

Dr. J. Lyle Telford, Mrs. Dorothy Steeves and Harold E. Winch, C.C.F. leaders in the provincial House; Dr. Frank P. Patterson, Leader of the Opposition, his right-hand man, R. L. Maitland, cabinet ministers and out-of-town Liberals will lend their support to the campaign.

Professor J. King Gordon reached Victoria yesterday to contest, for the third time, the Victoria seat. He was a candidate in the general election of October 14, 1935, and the by-election of June 8, 1936, made necessary by the death of D. B. Plunkett.

It is the second appearance of B. A. McKelvie, the Conservative candidate. He was in the provincial election of June last.

It is the first bid, however, of Mr. Mayhew for public life, outside of his activities in the public affairs of Oak Bay.

By GEORGE HAMBLETON  
Canadian Press Staff Writer

BRUSSELS (CP)—First phase of the Nine-power Treaty Conference ends in failure. Japan sent a blunt "no" and the view at today's meeting of British Commonwealth delegates was that she had banged the door against negotiations. Therefore it was though nothing was to be gained by making a further and final appeal to Tokio.

Tomorrow the full conference will meet in private with the probability of a public meeting afterwards. A sharp resolution is likely to be submitted, drawing the attention of world opinion to the gravity of the situation. The conference then probably will adjourn for a week to permit the delegates to consult their own governments.

### LOOKING TO U.S.

But what effective step can be taken against Japan no one is prepared to indicate. It is felt among the Dominions the United States holds the key position. There is, therefore, keen interest to learn what will be President Roosevelt's reaction.

The first endeavor of the conference was to establish peace in the Far East through negotiation. Nobody mentioned the possibility of economic sanctions. But with Japan away, peace negotiations could not be well opened. The conference invited her to attend. Today in a note, for the second time, she refused. Thus, peace negotiations under the Nine-power Treaty, for the time being, fail.

### U.S. FREE TO ACT

BRUSSELS (AP)—An authoritative Japanese source declared today the United States, acting for itself still was free to discuss far eastern peace with Japan, despite Tokio's refusal of the Brussels conference mediation appeal.

## Chamberlain In New Italy Move

British Premier Reported Sending Letter to Duce Seeking Friendship

LONDON (CP-Havas)—According to the political correspondent of The London Daily Mail, Prime Minister Neville Chamberlain was reported today preparing a letter to Premier Mussolini which may constitute the next step in the proposed closer relations between London and Rome.

Mr. Chamberlain's letter to Mussolini, it was reported to Havas, would constitute a reply to an article in the official Italian review Informazione Diplomatica, which Thursday called on Great Britain to open negotiations at once for an understanding.

The events of the last few days, particularly Mr. Chamberlain's speech at the Lord Mayor's dinner Tuesday night, were held to confirm the British government's intention of opening negotiations with Italy for an agreement on outstanding problems including the Mediterranean.

Mr. Chamberlain's expressed desire for improved relations with both Germany and Italy have already resulted in plans for a visit to Berlin by Viscount

Halifax, Lord President of the Council.

### FIRST MOVE

ROME (CP-Havas)—While willing to begin negotiations for closer relations with Great Britain, Italy expects the first move to come from London, it was reported today.

Foreign Minister Galeazzo Ciano, visited Thursday night at his request by Lord Perth, British ambassador to Italy, was said to have suggested London take the first step.

If negotiations are opened, Italy might be expected to seek British recognition of the Italian conquest of Ethiopia.

## Russians Chase Japanese Craft

TOKIO (AP)—The Domei (Japanese) news agency reported today in a dispatch from Seoul, Korea, that a Japanese patrol boat, the Terukaze Maru, had been chased by a Soviet patrol boat and later threatened by a Soviet plane off the east Siberian coast.

(During the last year there have been frequent instances of friction between Russian and Japanese craft off the Siberian and Korean coasts.)

west of Shanghai, killing two Chinese staff members. Five Americans escaped injury.

With the fall of Shanghai to the Japanese, officials of the Shanghai Municipal Council began a widespread clean-up of anti-Japanese societies operating in the International Settlement.

#### LITTLE FRICTION

Stirling Fessenden, secretary-general of the council, said he did not believe the Japanese would interfere with the international group's functions and added there was little friction between the council and the Japanese.

Fessenden added that if Japan should declare war, Shanghai might then become the subject of international discussion. Thursday General Iwane Matsui, commander of the Japanese army at Shanghai, said "we might have to take action" against "numbers of Communists" in the International Settlement.

A check by French Concession Police showed 14 persons were

killed and 16 wounded in the concession Thursday.

#### BRITON LOST LIFE

Pembroke Stephens, correspondent of The London Daily Telegraph, was killed when caught in a stream of Japanese machine-gun bullets a few hours before the Nantao battle ended.

Stephens was watching the last phases from a platform on a 200-foot water tower at the edge of the French concession just across a narrow creek from Nantao. Two Frenchmen, employees of the Concession street railways, were wounded on the same platform.

#### BRUSSELS PEACE EFFORTS MEET FAILURE

(Continued from Page 1)

This source said, Joseph Grew, United States ambassador to Japan, could always approach the Japanese Foreign Office to discuss the Japanese-Chinese conflict from the standpoint of heavy American interests involved.

The Japanese view was activities of Ambassador Grew and Ambassador Nelson I. Johnson at Nanking, starting from the Brussels Conference or the League of Nations, might develop ways and means towards peace.

#### MEASURES OF RESTRAINT

A proposal by China's Dr. Wellington Koo for "moral, diplomatic and economic restraint" of aggression excited comment to day among conferees who were discussing Japan's second refusal to enter the negotiations at Brussels.

Some diplomatic quarters believed Dr. Koo's suggestion—made in an Armistice Day broadcast—might have been inspired, inasmuch as it followed a lengthy talk with the chief delegates of Great Britain, the United States, and France.

The Chinese delegation, headed by Dr. Koo, announced only that the Chinese had assured Foreign Secretary Eden United States Ambassador Norman Davis, and Foreign Minister Yvon Delbos that China was still willing to discuss peace, even with Japan refusing the conference's latest overture.

A Chinese spokesman said Dr. Koo's suggestion of international pressure had not been supported—at least until now—by any definite proposals to the conference.

#### NO NAVAL MOVE

One prominent statesman participating in the conference said nothing in the way of "radical" action was planned at present by the 19 conferring governments. He emphatically denied reports a joint naval demonstration in the Far East was under consideration.

The suggestion of Dr. Koo was for restraint of "peace-loving nations" but without recourse to force. The delegation's spokesmen declined to embellish the proposal, but borrowing a term from President Roosevelt's Chicago address against aggressor nations, he said that in some respects execution of the plan would resemble a "quarantine."

#### AT BERLIN

BERLIN (AP)—When Viscount Halifax, Lord President of the Council, reaches Germany from England next week on a "purely personal, private visit" he probably will be told just what steps this country has taken to mediate in the Japanese-Chinese war.

Chancellor Hitler has repeatedly told close friends he desires to come to friendly terms with Britain, cost what it may.

#### JAPAN'S REFUSAL

TOKYO (AP)—Japan has formally refused a second invitation to participate in the Brussels conference on Far Eastern hostilities.

The imperial government's note declared, however, Japan "would be glad if the powers should contribute to the stabilization of eastern Asia in a manner consonant with the realities of the situation."

#### SPEECHMAKING OPENS TONIGHT

(Continued from Page 1)

In the 1935 election a total of approximately 21,000 votes was cast. Mr. Plunkett obtained 7,459; King Gordon, 6,471; C. J. McDowell, 6,429; and P. E. George, the Stevens candidate, 909 votes.

In the June by-election the Conservative majority dropped, although there were nearly 4,000 fewer votes polled.

Dr. S. F. Tolmie received 5,980 votes, King Gordon 5,886 votes and Mr. McDowell 5,726 votes.

#### DUKE TO MEET PARIS VETERANS

(Continued from Page 1)

Members of the Duke's suite said he was "stunned" by the statement of the vicar at St. George's, Rev. J. L. C. Dart: "I would rather the Duke did not attend the service."

The Duke cancelled his acceptance of the veterans' invitation to the church following the vicar's comment.

#### BISHOP INVESTIGATES

LONDON (AP)—The Bishop of Fulham, who has jurisdiction over St. George's Anglican Church in Paris, said today he had called on his vicar, Rev. J. L. C. Dart, for a report explaining the Duke of Windsor's decision to stay away from the Armistice service Thursday.

The Bishop added, however, that from what he had read in the press, "Canon Dart's remarks were of a private character and apparently he has already apologized to the Duke."

"If Canon Dart's report agrees with what I have read, the matter appears to be at an end," Canon Dart said Thursday.

The very last thing I wished

to do was publicly to insult a man who couldn't defend himself. Reporters made me do that."

The vicar revealed he had telephoned the Duke's equerry, Lieut. Dudley Forwood, an hour before the service and said he wanted to apologize to the Duke for "what amounted to a public insult."

He said he told Lieut. Forwood the Duke would be received by him and the church congregation with "all the respect due the King's brother" if he would consent to attend.

The Duke, however, refused. The Duke issued a statement saying it would be "inappropriate" for him to accept the Legion's invitation to a service at the British memorial in the Notre Dame Cathedral.

"I thank the British Legion sincerely for the resolution they have passed inviting me to attend the ceremony at Notre Dame," he said.

#### MANY ISLAND CAMPS IN FOREST PROJECTS

(Continued from Page 1)

cial park has been created, and to Englishman's River Falls, where a park is contemplated. At Duncan Bay, near Campbell River, an area will be prepared for planting of trees.

Projects listed for the other parts of the province are as follows:

Green Timbers Forest Experimental Station, five miles south of New Westminster; building of fire trails and clearing ground for planting seedlings.

Point Grey university demonstration forest; improvement work and clearing government-owned endowment lands.

Capilano Park, cleaning up and

building truck roads for Greater Vancouver Water Board.

Thurston Bay, wharf construction for forestry service.

Powell River, construction of a fish ladder for the game board and opening of old logging grades and truck roads.

Grouse Mountain, construction of a trail from Mosquito Creek to the chalet and improvement of a parking area for cars as a service to skiers.

Cultus Lake, near Chilliwack, improvement work in park.

Williams Lake, preparing of a grazing area for cattle as a holding ground while they are waiting to be shipped.

The forest branch started opening the camps last week and will shortly have the programme in full operation. All camps will be in charge of experienced men from the forest service.

#### SOCIAL CREDIT EXPERT ON TRIAL

REPORT ON PAYMENT  
Payment for some pamphlets had been made through the Alberta Social Credit Board, said Mr. Unwin, although he understood the board had declined to pay for the "Bankers' Toadies" pamphlet.

Senator W. A. Griesbach, who swore out the information on which the charges are based, and seven other witnesses were heard. They were R. W. R. Armstrong and Charles Cosans, partners in the printing firm that printed the pamphlets; Archibald McIntyre, employee of the printing firm; Detective Frank Kingzett, who seized the copies of the pamphlet at the Alberta Social Credit League; and Alfred Speakman, former United Farmers of Alberta member of the House of Commons. Their evidence was

similar to what they had given in the trial of Mr. Unwin.

**Government Will Buy Out Mine Owners Before July, 1942; Bill Drafted**

LONDON (CP-Havas)—All unmined coal in the United Kingdom, known or unknown, will pass into possession of the crown on or before July 1, 1942, under terms of the government mining bill, issued Thursday evening.

The bill provides the government will buy out the 4,300 present owners for a total sum of £66,450,000 (\$332,250,000), a figure arrived at earlier this year by an arbitration commission.

The measure was forecast in the Speech from the Throne. It will be introduced in Parliament shortly.

Coal rights, which have been in private hands since the beginning of the coal industry, will be purchased by the Coal Mines Commission, which will thus become owner of all unmined coal, discovered or not.

Evaluation of the separate rights will be made before January 1, 1939, and transfer of the subsoil property will take place before July 1, 1942, according to the bill's terms.

**TO MAINTAIN PROPERTIES**

Meanwhile, present owners will enjoy use of their properties with a certain amount of control to ensure the mines do not decrease in value before the transfer.

A central committee for evaluation will divide the whole country into districts, allocating to each zone a sum to be distributed to the individual proprietors by the local commission.

The Coal Mines Commission will be permitted to obtain loans from the treasury for the purchase of mining rights before receiving the revenues from lease of these rights.

The Speech from the Throne, read by the King October 26, stated: "A bill will be submitted to you for unification of coal royalties under national control and for the furtherance of the reorganization of the coal mining industry."

**NOBEL PRIZES ARE AWARDED**
**Physics Honors For Dr. G. P. Thomson of Britain; U.S. and France Share**

STOCKHOLM (CP-Havas)—Great Britain, France, the United States, and Switzerland have taken major honors in the 1937 Nobel awards.

George Paget Thomson, 45, British physicist and son of Sir J. J. Thomson who won the Nobel Physics Prize in 1906, and Clinton Joseph Davisson, 56, American, were announced Thursday as joint winners of the physics award.

Roger Martin du Gard, 56-year-old French novelist, chiefly known for his series of novels entitled "Les Thibault," received the literature award. Dr. Walter Norman Haworth, British chemist, and R. Paul Karrer of Zurich, Switzerland, will divide the award for chemistry. Dr. Haworth was singled out for his work in carbohydrates and vitamins A, B and C.

The prize for physiology and medicine was awarded two weeks ago to Prof. Albert von Szentgyorgyi, medical research worker at Szeged University, Hungary.

Dr. Thomson and Dr. Davisson were honored because of their discovery of the phenomena of interference in the irradiation of crystals by electrons. Each will receive half the cash prize of 159,000 Swedish crowns (\$40,990).

Born in 1892, Thomson followed the footsteps of his illustrious father and studied physics at Trinity College, Cambridge. He was a fellow and lecturer in Corpus Christi College, Cambridge, when the Great War broke out. He served in France in 1914-15.

In 1919 he published a work on applied aerodynamics and subsequently published treatises on the atom, on wave mechanics of the free electron, and with his father, published a work on the conduction of electricity gases.

**Envoys to Germany and Turkey Reported Arrested; Poland Post Empty**

MOSCOW (AP)—Soviet Russia's ambassadors to Germany, Turkey and Poland were reported by diplomatic sources today to have been recalled and there were unconfirmed rumors two of them were arrested.

The same sources also said Rudolf Sommer, German consul-general at Leningrad, had been recalled by the Berlin government at Moscow's request.

The rumors that Dr. Constantin Yourenoff, envoy at Berlin, and Mikhail Karski, ambassador at Berlin, and Mikhail Karski, ambassador to Turkey, had been arrested linked their names with the government's purge of suspected enemies within the Soviet ranks. The ambassador to Poland is Yanov Davtian.

In connection with Consul General Sommer's reported return to Berlin it was recalled more than 400 Germans were arrested in Russia in recent months in a drive against suspected spies. These included two declared by Soviet authorities to be agents of the Gestapo, German secret police.

The purge, meanwhile, seemed to be continuing unabated. Fourteen more executions were reported by the provincial press, including 10 persons in Kazakhstan accused of nationalist tendencies and four charged with spoiling grain in the Vladivostok region.

**EXPECT RETURN**

BERLIN (AP)—Both the Soviet embassy and the German Foreign Office said today they could neither affirm nor deny Moscow rumors that Dr. Constantin Yourenoff, Russian ambassador to Berlin, had been arrested in Russia.

Correspondents of Russian newspapers insisted, however, Dr. Yourenoff would return to his Berlin post early in December.

Concerning a Moscow report Rudolf Sommer, German consul-general at Leningrad, was recalled, the Foreign Office stated: "Sommer is now on leave in Berlin. It is not certain whether he will return to his post."

**NOT TO RETURN**

**Blast Damages Dublin Castle**

DUBLIN (AP)—Anti-British feeling on the part of unknown person boiled over Thursday in an explosion that blasted the royal arms off Dublin Castle and wrecked a section of the castle.

The explosion followed several protests against the Armistice Day parade. Men using a ladder planted the charge directly under the coat of arms, lighted the fuse and drove away.

During the period of two minutes silence outside Trinity College a union jack was burned publicly by a band of youths. Police had ruled for the first time that the flag should not be carried in parades.

The blast shattered shop windows in the Dame Street area. A hole was blown in a wall of the postal engineering department offices.

The vessel was en route from Secret Cove, north of here, to Vancouver and was passing Thormanby Island when an engine backfire sent flames racing through the craft.

Edwards jumped into the dinghy and was picked up by the tug Eldorado.

NEW WESTMINSTER (CP)—Hon. A. Wells Gray, British Columbia Minister of Lands, Thursday evening said he might mention in the Legislature certain citizens who had "loaned their names" to Japanese-financed companies for the purpose of obtaining crown grants for timber land from the Dominion Government.

The British Columbia government has received several recent protests against purchase of large sections of timber land by Japanese interests and the export of the raw logs to Japan for milling.

Addressing the annual banquet of the Imperial War Veterans' Association, Mr. Gray said the provincial government had no power to stop the export of raw logs from the province.

Under Canadian law incorporated companies were compelled

to have a certain number of British subjects on their boards, the minister said. He warned that should the subject of raw log export be brought up in the Legislature, he "may" mention the names of Canadian citizens on the boards of the Japanese-controlled timber companies.

## A Businesslike Budget

FOR ITS CLARITY AND BUSINESSLIKE compilation the annual financial statement which Hon. John Hart presented to the Legislature on Wednesday afternoon left nothing to be desired. It was typical of other budget speeches he has delivered; it was concise. It dealt with unvarnished facts and contained a wealth of instructive information that should easily be digested by the public at large. The Minister obviously was required to include in his presentation an array of figures which may appear somewhat bewildering, but Mr. Hart is to be congratulated on his treatment of them in a manner simple enough for all to understand. Even the most penetrating critics, too, will have to admit they carry the proof that British Columbia's financial affairs have been and will remain in capable hands.

First and foremost, it should be noted that there is to be no increase in taxation, that it is hoped current revenues this year will yield a surplus sufficient to provide, if not all, at least the greater proportion of direct relief costs, and that capital borrowings will be confined mainly to works projects in connection with unemployment relief, while the proceeds of former borrowings, the Minister's statement intimates, will be ample to cover practically all other contemplated capital projects.

Mr. Hart tells us that by the end of March next year some \$11,127,000 of revenue surpluses will have accommodated debt redemptions amounting to \$6,726,000, leaving an unappropriated surplus of \$4,401,000 to be put against the part-payment of relief costs. Last year alone, after providing some \$796,000 towards debt repayments, the surplus revenue is given in the Minister's document as \$2,689,000, or a sum more than sufficient to pay the balance of statutory requirements in connection with sinking funds. This surplus, however, had to be used to pay a portion of our relief charges—charges that not only are properly the responsibility of the federal authorities, but which are higher than they should be because of the continual influx into British Columbia from other provinces of a large number of idle workers. But Mr. Hart has no magic wand to wave to change meteorological conditions to suit his annual balance sheet. The condition of which he speaks presents its own particularly knotty problem.

The budget statistics place the provincial debt on October 1 of this year at \$151,162,000, this figure being arrived at by deducting from the gross amount such holdings in the sinking funds as are actually British Columbia bonds—which, of course, could be canceled at a moment's notice, as well as other securities which could be sold at the market value, the proceeds of which together with cash in hand would enable debt payment to the extent of the cash price received. It will be observed, incidentally, that the amount of the net debt quoted above will eliminate misconceptions created in the public mind during the last election campaign—when opposition speakers indulged in irresponsible statements in regard to the volume of the debt. On the eve of the poll, it will be recalled, Conservative Leader Patterson's attention was drawn to this aspect of the campaign and he agreed that the challenged figures of Mr. Hart were correct.

Mr. Hart's reference to debt increases since 1917 is both interesting and informative. We find that as against an increase of \$58,659,000 in the gross debt during eleven and a half years ending with August, 1928, there followed an increase of \$62,659,000 during a little more than five years, and one of \$20,183,000 increase in the gross liability since November 1, 1933. Of this latter amount no less a sum than \$15,259,000 had to be allocated out of borrowings to take care of those unfortunate who have been victims of the period of economic recession.

By no means without interest is Mr. Hart's announcement that although the amount of expenditures proposed during the next fiscal year will involve debt charges amounting to more than \$700,000 in excess of those for 1936-1937, the departmental appropriations for 1938-1939 will be approximately the same as for the corresponding fiscal period of eight years ago, despite the fact that services have to be provided for a growth of more than 100,000 in the population of the province. Next year's additional debt charges, incidentally, will not include the full measure of sinking funds, the increase, of course, being the reflex of the debt increase. Indeed, the Minister's analysis of departmental expenditures since the dark days of 1933 and 1934 revealed increases owing their origin for the most part to the satisfaction of essential services such as the people demand and insist on having.

The House was assured by Mr. Hart that the government will relentlessly pursue its efforts in collaboration with the Dominion Government to secure a revision in the respective fields of federal and provincial taxation. He hopes, as do the custodians of the public purse of all the provinces, that the findings of the Rowell Royal Commission will ultimately lead the way to a more equitable

able working arrangement in the interests of all concerned.

To summarize the budget, moreover, is to suggest to the people of British Columbia that order has replaced financial chaos, that long-range fiscal policies prevail instead of temporary expedients, that by a combination of courage and prudence a constructive and progressive financial policy has been established—and will be zealously guarded as long as Mr. Hart is in control of the Ministry of Finance.

## Civic Social Service Costs

STATISTICS COMPILED BY THE Citizens' Research Bureau of Canada show what Canadian cities spend per capita on relief and charities.

Ottawa's expenditure is highest with the residents there assessed \$12.58 per head of population, compared with \$9.69 in Victoria, \$8.01 in Vancouver, \$9.93 in Toronto, \$10.26 in Hamilton, \$5.32 in Halifax, \$8.31 in Edmonton, \$11.16 in Calgary, and \$10.85 in Winnipeg.

The Research Bureau has made a total of gross expenditures in 16 Canadian cities from which the fact emerges that the item for charities and correction, which stood at \$17,867,778 in 1932, four years later had increased by more than \$11,000,000 to \$28,339,644. In that period expenditures on education dropped by \$2,000,000, on highways and bridges by \$3,000,000.

The Ottawa Journal draws the moral from this that municipal taxpayers are bearing far too great a share of the cost of social services imposed upon them by provincial and Dominion authority. Other branches of civic administration are hampered by heavy expenditures for relief, the care of indigent hospital patients. Property has to carry so ponderous a load of taxes that values are affected and construction is retarded.

It is just what Victoria civic leaders have been preaching for years.

## How They Stand At Ottawa

NOW THAT THE BY-ELECTION campaign is getting under way in earnest, the electors should take stock of the present voting strength in the House of Commons at Ottawa, as reflected by party affiliation:

Liberals	178
Conservatives	39
Social Crediters	17
C.C.F.	7
Independent	1
Reconstruction	1
United Farmers of Ontario	1
Vacancies	1
Total	245

The foregoing table includes the return by acclamation of the Liberal and Conservative candidates, respectively, in the constituencies of Frontenac-Addington and Dufferin-Simcoe.

The voters of Victoria will no doubt ask themselves what good purpose would be served by making the Conservative total membership in the House 40 or the Co-operative Commonwealth Federation's total eight. The question is a pertinent one because by sending a Liberal to Ottawa this community will have a representative who will be in a position to deal directly with the government in all matters vitally affecting our general welfare.

It is not surprising that Social Crediters in Victoria have not considered it worth while to try to increase its representation at Ottawa from 17 to 18. Also, their party in the House compared with the C.C.F. has a lead of 10. Neither party now, of course, has any influence at all in the Dominion.

## Notes

There are unimportant sins and dreadful sins. The dreadful sins are the other fellows.

Yet there are times when we suspect that Europe's statesmen are handling the situation as wisely as we could.

Lovers of the arts are trying to convince themselves that Toscanini, rushing a London cameraman, probably needed another rehearsal before trying to face the music.

## A SOLDIER SPEAKS

From Seattle Post-Intelligencer  
I am the Unknown Soldier. You think I sleep beneath a marble slab. Upon that slab you lay green wreaths, your tribute to my memory. I have no name, yet you exalt me. I am a symbol. Nameless, my tomb is honored because, with other men, I fell in battle.

We gave our lives. For what? I wonder. An armistice? Forgive me if I laugh. And if the tears course down your cheeks, weep for me, but for the living. I am at peace. For me the war is done. Grieve, rather, for the young men doomed to die.

Made in God's name, or our God in man's, men yet are beasts, killing with claw and tooth to gain their earthly ends. You call it noble. Your country calls; you go; mayhap to death. To screaming shells, to gas that eats your lungs, making of consciousness a thousand hells. To death by flame, by torture. Or you die quickly as I did. In one swift, awful blast.

I do not know the answer. I only know that once we fought for peace. That wars might end. You wonder that I speak as nations war again, sending their sons to death? Why lay these wreaths, if men are still to die because they dare not live?

I have found peace. No more will thirst nor pain nor hunger gnaw my side, nor fever rack me on a soldier's bed. I shall not know the fear of death or fear of life.

I shall not want for aught. I shall not kill, nor covet. I shall not steal, nor lie. For me there is an end to all you know. Grieve not for me, I beg of you. I grieve for you.

## Across the Bay

By BRUCE HUTCHISON

## TWELFTH CHILD

MR. JOHN HART, his eyes glistening with a parent's pride, brought his 12th budget down in the House Wednesday—a large fiscal family for any finance minister, and its latest member is the most formidable, in size and content, of the whole dozen.

Mr. Hart has always been able to display a pardonable satisfaction with all his previous offspring, but for this one he seemed to have worked up a special enthusiasm. He made a fighting defence of it, much more vigorous and much more eloquent than anything he has ever attempted before.

Immaculate in the conventional Ottawa treasury bench costume of black coat and grey trousers, his plume of hair white as snow, his manner assured, his voice low and modulated in the best financial tradition, his manner firm yet pleasant, Mr. Hart can put over a budget as well as any finance minister in Ottawa, or anywhere for that matter.

## OLD MASTER

HE MATURES and improves so with age that he is now an old master of the budgetary technique. As his followers are still young and inexperienced. They fell down on him badly. They failed him at every critical point. They should have been thumping their desks and whooping it up, but they were utterly dumb, with fixed and glassy eyes.

Of course, they didn't know what was in the budget, either before, during or after the speech, until they read the newspapers. No one ever does, except the Finance Minister. But at least, in accordance with the good old parliamentary custom, they could have cheered when the surplus was mentioned. Even a young politician of four or five sessions should know that he must cheer a surplus.

Mr. Hart mentioned his surplus casually, as if he didn't want to boast about it. He paused, but no one applauded, not even the cabinet. Mr. Hart repeated, less casually and with greater emphasis, that he had piled up a huge current surplus in the last year. Still the government benches were dumb. Mr. Hart looked surprised and went on.

A third time, later on, Mr. Hart again squeezed in the news that he had a big surplus. Still dumb. Still glassy-eyed. This was getting pretty desperate. At the very end, as he was winding up in a fine spurt of eloquence, Mr. Hart dragged his surplus roughly in by the very heels, paraded it, all glittering and perfumed, under the Liberal members' noses. Alas, there was no sound. All dumb, all glassy-eyed.

Never did party fail a finance minister like this before. Never did actors miss a cue line so obvious. Never was budget more dumbly received.

## MATURITY

IT WASN'T Mr. Hart's fault. He never made such a good budget speech before in his life. Any other man would read his speech, as they do in Ottawa, every word of it. Not so Mr. Hart. He did not trouble to produce the written copy given out to the newspapers. He spoke from a few scattered notes, handling figures and statistics as easily as you would handle knife and fork. Every statistic, every complicated table was as familiar to him as his own name. It was a remarkable exhibition.

Not only as a master of finance, but as a speaker, Mr. Hart has ripened and matured. A few years ago he was useful for a dull explanation of figures. Now he turns out to be a thoroughly competent rough-and-tumble fighter.

He turns aside from his figures. He tackles Mr. Anscomb. He flays the Conservative government, which plunged us into debt. He ridicules the Conservative campaign in the last election. He shows how it inflated its debt figures to \$200,000,000, when, as a matter of fact, our debt is only \$151,000,000.

Whereat the Liberal Party, coming suddenly to life, applauds wildly. Our debt is a mere \$151,000,000. Why, it hardly seems enough. The Liberal Party applauds wildly, they become dumb and glassy-eyed again.

Yes, we have piled up a debt of a mere \$151,000,000 in 25 years, starting with no debt at all in 1912, and the back benches are elated. Yes, truly, the back benches must be better trained before another budget comes down.

## OLD CUSTOM

MR. HART goes on with increasing fluency, rising force, a subtler Irish sarcasm, a more charming pity for his poor friends, the Tories, and the Tories take elaborate notes, preparing for their rebuttal, just as if they wouldn't get all their facts about the budget out of the newspapers. Always the opposition must take notes; Mr. Maitland must inquire politely the precise value of our agricultural products (a vital point), and the government benches must cheer the surplus.

Mr. Hart concludes on a high plane, and under full steam. He has done a good job. He has made the best budget speech in his career of unequalled office in the finance ministry. He has demonstrated again why, in financial matters, he has always been and is, the undisputed arbiter of the Liberal Party—and probably its next leader.

## MUSSOLINI'S IDEA OF PEACE

From The Richmond Times-Dispatch  
With the "peace" movement in the hands of no less puissant an advocate than Benito Mussolini, one might be tempted offhand to say that the world can now take a pretty good breath, and that the millennium might even be glimpsed over the horizon. However, when one examines the Duce's anniversary utterance at Rome, one finds that the only sort of peace he is concerned with is the variety which will eliminate "Bolshevism" from Europe, "starting with Spain." Thus the "watchword" of the 16th year of Fascism is to be "Peace!" but it turns out to be the same old article, "sprouting from a forest of bayonets" and "realizable under the conditions laid down, only through and foe of international anarchy will be tempted to observe, in the classic words attributed to Samuel Goldwyn, "Include me wholesale war. Every real friend of peace out!"

## Doctor Offers Rules For Avoiding Colds

WITH THE annual high point in the number of common colds occurring regularly in the late fall season, Dr. Robert A. Fraser, chief medical director of the New York Life Insurance Company, offers ten rules that will help men, women and children avoid this widespread malady. They are:

1. Get plenty of sleep, fresh air and sunshine.
2. Eat all the nourishing food you need, but avoid overeating.
3. Dress sensibly and with regard to the climate.
4. If you get wet, change to dry clothing as soon as possible.
5. Breathe through your nose, not your mouth.
6. "Cleanliness is next to godliness." Bathe daily.
7. Avoid constipation.
8. Get outdoor exercise every day. Long walks are excellent.
9. Avoid sudden changes of temperature.
10. Keep away from people who have colds.

"It goes without saying," Dr. Fraser adds, "that those with colds must use handkerchiefs when sneezing, coughing or expectorating, to avoid infecting others."

"Overeating lowers resistance, making the individual more susceptible to colds. If you have difficulty in breathing properly, see your doctor promptly; your tonsils, adenoids, sinuses or teeth may need attention. Don't go from a hot room out into the cold without suitable protection and never cool off by sitting in a draft or directly in front of an electric fan. Finally, if there is an epidemic of colds in your vicinity, avoid large, crowded meetings; in the home, quarantine cold sufferers, particularly if there are children or old people around. The infection of children and aged people is the cause of excess mortality in these groups."

## WHAT TO DO

The best thing to do, Dr. Fraser feels, is to go to bed just as soon as you feel a cold coming on and isolate yourself from the rest of the family as much as possible. Rest is more important than medicine. Take a hot bath and then get into bed with plenty of covers. Drink freely of water and fruit juices. A mild laxative is advisable and the diet should be light and simple during the acute stage. Don't prescribe medicine for yourself. See your doctor and let him do it. He knows far more about it than you or your friends.

"In the case of children," Dr. Fraser says, "by all means consult the family physician promptly. Many diseases of childhood are ushered in with symptoms resembling those of the common cold. Sniffling or running of the nose, complaints of sore throat, slight fever, these are symptoms which many parents attempt to treat as a cold, when it is a fact that the doctor might note them as the early indications of a serious, infectious disease."

"But above all," Dr. Fraser said, "let me emphasize again the necessity of rest in bed and seclusion from the rest of the family until the cold has disappeared."

## Better English

By D. C. WILLIAMS

1. What is wrong with this sentence? "Jane and Dorothy do not speak to one another."
2. What is the correct pronunciation of "Ananas"?
3. Which one of these words is misspelled? Reminiscence, remittance, ritualism.
4. What does the word "impetuosity" mean?
5. What is a word beginning with lo that means "talkativeness"?

## Answers

1. Say "each other" when referring to two, "one another" when more than two.
2. Pronounce an-a-nas, first as in an, second as in ask unstressed, i as in lie, third as in at unstressed, principal accent on third syllable.
3. Remittance.
4. State of rushing with violence. "It was the impetuosity of youth."
5. Loquacity.

## MR. BOND AND MR. STOCK

INVESTMENT is a thing of the past, and all securities, bonds as well as stocks, should be placed in the speculative column. It is still possible to obtain a greater degree of safety by purchasing grade A bonds than stocks. If one has to pay the penalty of less income for greater safety, it is almost always worth it. Safety of capital is imperative, but one of humanity's failings is to try to get something for nothing.

Mr. Bond, being a dignified and honorable old gentleman, makes no false promises in this respect, with the result that he is studiously avoided by the get-rich-quick gentry as a frightful old bore of the horse and buggy days.

When the American government raised the price of gold to the present level, a rapid inflationary fever broke out all over the North American continent. The erstwhile conservative bond-buyer, with visions of penury in the offing, in many cases sold good bonds and plunged into the inflationary current with a vigorous disregard of all precedent and oblivious to the fact that the stock as well as the bond sea has its own peculiar type of whirlpool rapids.

Compared to Mr. Stock, Mr. Bond is not a spectacular gentleman. He is seldom headlined in the newspapers. You never hear of him building a swimming pool in his garden or buying a yacht or country estate on his overnight profits. As befits a gentle-

man, he is quiet and unassuming, but his loyalty is proverbial. Next time you look at your stocks and you find that the only thing that is going up is your blood pressure, remember Mr. Bond. Remember, too, that he is a professional gentleman—he refuses to advertise.

Mr. Stock, on the other hand, although a close relation, is a different type. He is a man of action. He is an actor, and once in a long while he puts on the best show in town. He is up today and down tomorrow, and you never know what he is going to do next. When dissembling charm and his very occasional favors, he is irresistible, but if you do not keep an eye on him he will leave you in the lurch. Yesterday he was strong and robust, but today is feeling seedy—nothing serious probably, just a sinking spell.

GEORGE MACBETH.

## ADVICE ON MINING SPECULATIONS

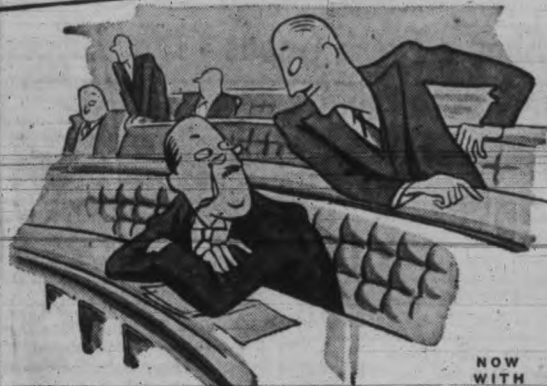

To the Editor:—It is right that rules-of-the-mining game should be laid down by government, but so as to be fair to all parties.

All mining prospects do not make mines, but it is necessary that work should be done on a lot of prospects to find out which ones will make mines. A prospector cannot do enough work on a group of claims to determine this point. A shoestring company is formed and shares sold to the public. There is a certain amount of initial "azard in mining, and some money is inevitably

### Nanaimo Jewel

#### Store Robbed

NANAIMO (CP)—Jewelry valued at \$200 was stolen from the store of Stanley J. Harding here today by a smash-and-grab thief who hurled a large stone through a plate-glass window and scooped up the articles. Harding said the window con-

tained jewelry valued at more than \$700.

This is the first robbery of its kind here since 1912, when jewelry valued at \$4,000 was taken from the store of E. W. Harding, brother of Stanley, in the same manner.

Eaglets learn how to carry fish in their talons long before leaving the nest; they practice by lifting large sticks into the air.

### Market Counselor

Clive Planta, who has been appointed by Roy Hunter, advertising counselor, to conduct the agricultural marketing division of his business, which was established on November 1. Mr. Planta has a wide knowledge of the problems of agriculture in the province, having been engaged in farm journalism, agricultural promotion work and latterly as a member of the provincial legislature.

### Oils Lower On Calgary Market

CALGARY (CP)—Traders were not in a buying mood on the Calgary Stock Exchange today and most oil shares were lower at noon. Transfers totaled 25,330 shares.

Hardest hit was C. and E. which declined 5 to 1.80. Commonwealth dropped 2 at 24 and Monarch 1 1/2 at 21 1/2. Point losers included A.P. Con.; Firestone, Prairie. Cammell was the only gainer, advancing a fraction to 32.

## Estimates Show B.C. Income and Outlay

How the provincial treasury gets its revenue and which departments spend it is shown in the estimates tabled in the British Columbia Legislature Wednesday by Hon. John Hart, Minister of Finance.

Mr. Hart's estimates of revenue for fiscal 1938-39 show increases expected all along the line over this year's estimates, but he explained to the House that already this year the returns are much better than he anticipated.

The proposed increases in expenditure are spread through the various departments, with particularly large advances in the Provincial Secretary's Department for social welfare services and in the Public Works Department for extra road maintenance costs. The following comparative tables show the changes:

## Big Newsprint Export Plan

Seven Canadian Firms Will Supply Most of Australia and New Zealand

MONTREAL (CP)—An agreement whereby a group of seven Canadian paper companies will supply about 75 per cent of the newsprint requirement of Australia and New Zealand between 1939 and 1945 was announced Tuesday by William Dunstan, Melbourne newspaper executive.

The agreement will run for a seven-year period beginning January 1, 1939, according to Dunstan, who conducted negotiations with the Canadian firms on behalf of Australasian publishing interests. He described the agreement as satisfactory.

Total Australia-New Zealand consumption now is about 200,000 tons a year, and of this amount Dunstan said the Canadian group would supply between 75 and 80 per cent, less such tonnage as may be turned out by a newsprint mill that may come into production in Tasmania in 1942.

The price will be based on the New York price of Canadian-made newsprint. The rate for Australasia will be the New York price, less freight to New York, plus ocean freight and insurance to chief Australia and New Zealand ports.

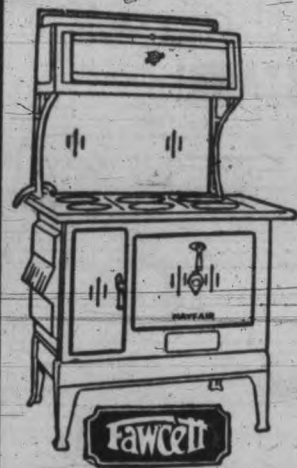

The Canadian firms in the agreement are the Consolidated Paper Corporation, Montreal; Price Brothers and Company, Quebec; Canadian International Paper Company, Montreal; Mercer Paper Company, Liverpool, N.S.; St. Lawrence Paper Mills Company, Montreal; Pacific Coast Paper Mills, a subsidiary of the Westminster Paper Company of New Westminster, B.C., and the Powell River Paper Company.

At present the antipodean countries are supplied by Canadian and English mills in varying proportions and there is no general agreement.

Prior to 1947, San Francisco was known as Yerba Buena. That name still is applied to Goat Island in San Francisco bay.

### Clothes for Jackie's Baby Brother

By OLIVE L. JOHNSTON

BILLY burst into the kitchen with a bang.

"Gee, Mom!" he cried breathlessly. "Jackie Lee didn't have any lunch at all today. Me'n Jim each gave him a sandwich. Some of the kids laughed at the poor kid. I licked Danny after school; Jackie's too small and skinny to do it himself."

Billy paused through sheer lack of breath, but only for a moment.

"I went home with Jackie after school, Mom. His mother's awful nice. But my! She looks so tired and her eyes looked like she'd been crying."

"Jackie's got the cutest little baby brother. He's got the biggest blue eyes, but, gee, he's thin, and Mom—they've got no clothes for him, only a little shirt and his dicker, and an old piece of a blanket round him. He's six months old and he's big enough, he keeps kicking out."

Mary felt a flush of shame rise to her cheeks. She had meant to call on these unfortunate people who had not long moved from the drouth-stricken area of south Saskatchewan, to the more northern district between Battleford and Saskatoon. She had heard that they were desperately poor, having left all their fortune and hopes buried under the ceaselessly drifting sand. She had meant to call, but she had been so busy.

Billy dug his toe in a crack in the floor. "Mom," he said diffidently, "you know that box of my baby clothes you've got. Couldn't you give them to Mrs. Lee for the baby? And maybe there would be some things of mine would fit Jackie."

"Oh, Billy!" Mary cried sharply, "I couldn't give away your little things, your baby things!"

Billy's face fell. "Aw, gee, Mom, what's the use of keeping a lot of sissy old baby clothes? You've got me haven't you? You remember when Mrs. Grey's house burnt how she said she wished she had given some poor woman Betty's things she had saved? S'posin' our house burnt? I bet Lee's baby would look just swell in those things. And Jackie only had on overalls and a sweater and old boots that let in the snow."

Mary stared out of the west window at the hill rising between the slim poplars. The setting sun turned the snow a delicate pink. "You know, son," she said slowly, "things are not a great deal better here. Every year the drought creeps farther north. This year we had no crop to

thresh, and if we hadn't been near the lake and had old Peanuts and the stone boat and barrel to haul water we should have had no garden either. I lie awake many a night wondering how long it will be before your lunch pail is empty, and you will have no warm clothes. I can't get you half the things you should have as it is."

Billy's young face was darkened with worry far too deep and heavy for his years.

"I now, Mom, it sure is tough; you haven't had a new dress or anything in years, and poor Daddy hasn't even got a decent pair of overalls, let alone a suit, and the blankets are getting so thin I have to put my wind-breaker over me too."

Mary smiled lovingly into the earnest little face.

"Well, son," she said cheerfully, "I've always heard it said that it's the poor that help the poor, so we will see what we can do. We haven't a great deal but there's your last year's breeches, and boots are not too bad. You remember you grew so fast that year. And Mrs. Grey was saying she wished Benny's underwear would fit you because it was

### Claim Is Surprise

A weird twist was added to the Lindbergh kidnapping case by a story, published in Belgium recently, that the boy pictured above had identified Col. Charles A. Lindbergh as his father and the late Bruno Hauptmann as his kidnapper. Adopted by a family in Wayne, Belgium, the boy, now seven, is quite dark, whereas the Lindbergh baby was fair. He speaks English.

quite good. I'm sure she would be glad for Mrs. Lee to have it. Why, I bet between us all we can make up quite a bundle for the whole family.

"Poor things," she added after a pause, "it is awful for them. They have been used to plenty and they are proud, too. They won't ask for help until they are driven to it. Some would not ask then if it were not for the children."

She laid her hand gently on Billy's tousled head. "And I am sure, darling, that Jackie's baby brother will look 'just swell' in your little clothes."

She was amply repaid by the radiant look he gave her before he jumped up and ran out to play.

### WILL DISCUSS PEACE HOPES

The present situation of the League of Nations and current hopes for peace, together with a general resume of international conditions, will form the basis of a talk by Professor L. A. Mander at a meeting in the Chamber of Commerce this evening at 8.

The meeting will be held under the auspices of the local branch of the League of Nations Society. Professor Mander was born in Australia, and for several years has been professor of economics and political science at the University of Washington in Seattle.

### ARMISTICE DAY REMINDS US

Armistice Day again has come. Reminding us of those Who sacrificed their precious lives In war, and now repose; In silence, let us all observe The obsequies they well deserve.

Armistice Day again has come, Reminding us of all Who nobly fought, but still lie on, Yet answered Empire's call; In reverence, let us bow to such, Remembering they have suffered much.

And as Armistice Day passes, Significant of peace, Shall we not wait upon our God "Who maketh wars to cease?" And plead with Him to halt each war, And grant us peace, from shore to shore.

## Beaux-Arts Held Tea Dance

About 150 members and their friends attended the Armistice Day tea dance arranged at the Crystal Garden by the Beaux-Arts. The palm room was appropriately decorated with poppy wreaths and bronze chrysanthemums on the orchestra dais.

Many familiar airs of the Great War period were revived in the musical programme. Among those sung by the sextette composed of Mrs. Jack Barracough, the Misses Margery and Honor Benson, and Messrs. Dudley Wickett, Harry Davis and Fraser Lister were "Pack Up Your Troubles" and "It's a Long Way to Tipperary," in which the solo part was taken by Mr. Lister. "My Hero" from the "Chocolate Soldier," with Mrs. Barracough taking the solo; the "Italian Street Song" from "Floradora," with Miss Margery Benson as soloist, and "Vienna Dreams," in which Miss Honor Benson sang the solos.

Little June Day, pupil of the Russian Ballet School, gave several tap dances, and during the dancing impromptu solos were given by Mr. Waring Kennedy. Mr. Dennis Humphries was general convener, with the assistance of Mrs. Jack Barracough, and members helping were Mr. Tom Stevenson, Mr. John Gray, Miss Peggy Gelling and Miss Maureen Grute. Tea was served under the supervision of Miss Nora Garcia and Miss Claire Green.

## Generous Gifts To Seamen's Home

A bequest of \$250 from the estate of the late Mrs. W. J. Penney and a donation of \$25 and 37 Christmas calendars from the Navy League Chapter I.O.D.E. were gratefully received by the Connaught Seamen's Institute at its meeting Wednesday evening. Mrs. Vernon Thomson presided. Mrs. R. W. McMurray and Mrs. Griffiths, conveners for the bridge tea to be held in the Empress Hotel on November 18, reported a few more tables and reservations may be made by telephoning G 0166, E 0070 or G 4616.

A letter was read from the Boy Scouts Association asking help in billeting the boys who will attend a conference here this month. It was decided to billet four boys, two in Esquimalt and two at the institute. Miss De Trafford reported socks and sweaters ready for Christmas gifts. Mrs. Finmore reported visiting Vernon Villa and St. Joseph's Hospital. During the month, 44 cadets and 121 sailors signed the register and 28 ships were visited by Mr. Hibbert and Rev. F. Comley. In his report Mr. Comley declared that he had found his work during October more enjoyable than at any time since he was appointed chaplain.

Engineers have made some successful tests using palm oil as a motor fuel in place of gasoline.

## Weddings

PRICE-PAINTER

In Victoria West United Church at 2 o'clock yesterday afternoon Rev. C. J. Clark united in marriage Lillian Dorothy, only daughter of Mr. and Mrs. A. H. Painter of 640 Pine Street, and Mr. John Harold Price, youngest son of Mr. and Mrs. F. E. Price of 493 Esquimalt Road. During the ceremony the bridal party stood under an arch of autumn flowers, while the guest, pews were marked with a poppy centring a tulip bow.

The bride was given in marriage by her father. Her gown of white satin and lace had a square neckline, inset with lace, while the sleeves had lace insets and flared lace at the fitted cuffs. Her veil of soft silk net was worn with a halo of the net, and orange blossoms over each ear. She carried a shower bouquet of Ophelia roses, white carnations and swansonia.

There were three attendants, Mrs. Gordon Hatt, matron of honor, and the Misses Mary Price, sister of the bridegroom, and Amy Anderson, as bridesmaids. Mrs. Hatt wore a form-fitting gown of mauve taffeta, fashioned with a frill of the taffeta around the neck and extending down the front and around the shoulders to give the effect of a bolero. With it she wore a poke bonnet of mauve taffeta, and carried an arm bouquet of pink chrysanthemums. Miss Price wore pink net over pink taffeta, made in redingote style, with wide rows of taffeta at the hem of the skirt and a wide collar of satin, while Miss Anderson wore a dress of Nile green lace, designed in the same style. They each wore bandeaux of silver leaves on their heads and carried arm bouquets of bronze and mauve chrysanthemums.

The bridegroom was supported by Mr. Alan Chandler, and the ushers were Messrs. Alec Painter, brother of the bride, and Fred Arnot. Mr. Oliver Stout presided at the organ, with the choir in attendance, and during the signing of the register Mrs. Harry Youson sang "O Promise Me."

At the reception which followed at the home of the bride's parents, Mrs. Painter, wearing a black velvet gown trimmed with ermine lace and black hat and a corsage of pink carnations, was assisted in welcoming the guests by Mrs. Price, wearing a wine colored gown, with hat to match, and a corsage of Talisman roses and violets.

A three-tier wedding cake, centred the table with lighted pink and white tapers in silver candelabra. The bridal party stood under an arch of white flowers, from which was suspended a white wedding bell.

Mr. and Mrs. Price left later for Seattle and Vancouver and on their return will make their home at 603 Wilson Street. For traveling the bride donned a dress of rust silk crepe, a rust colored sports coat with raccoon collar and a black velvet hat. Her corsage was of gardenias.

Among the many handsome wedding gifts received by the couple was a silver casserole and tray from the choir of the Victoria West United Church, of which the bride is a member, and a mantel clock from Wholesale Row, where the bridegroom is employed.

Mr. and Mrs. W. C. Keeley of Vancouver were the only out-of-town guests at the wedding.

## NEW 1937 RINSO SPEEDS UP DISHWASHING

THEY SAY THE NEW 1937 RINSO IS BETTER THAN EVER FOR DISHWASHING. IT SHOULD BE. I'VE HEARD WOMEN SAY IT GIVES 25 TO 50% MORE SUDS. WELL IT CERTAINLY GETS RID OF GREASE IN A HURRY AND SEE HOW THE DISHES SPARKLE. THERE ISN'T A TRACE OF GREASY FILM LEFT ON THEM.

THE NEW RINSO WINS MY VOTE FOR DISHWASHING AND ITS SO ECONOMICAL - A LITTLE GOES SO FAR. AND DID YOU NOTICE THAT RINSO IS EASY AS EVER ON THE HANDS. Wonderful on washday, too - soaks clothes whiter, brighter. In tub or machine, the New 1937 Rinso gives heaps more suds that stand up longer - even in hard water. Furthermore, these lively suds get clothes at least 3 shades whiter than ordinary soaps; keep colours bright. Recommended by makers of 25 washers.

## Maroons and Black Hawks Hockey Winners

### Sports Mirror

By PETE SALLAWAY

THE sliding tackle can always be relied upon to provoke discussion, and once more it has become a subject of controversy among English footballers—and more particularly among supporters, who get their enjoyment from discussion and argument as much as from seeing the game. There are indications that the authorities will give the question serious consideration before long.

This tackle is often condemned as being unfair, but surely everything depends on the intention. The tackle is perfectly legitimate, if the player intends to play the ball and not to go for the other man. But there are other objections to it. It is not because it is rough or unfair that the sliding tackle should be abolished, but because it slows up the game, destroys combination by making players part hurriedly with the ball and, most important of all, is the cause of many injuries.

It can be done quite easily by a revision of the laws, now 60 years old and quite out of date. Last summer there was a proposal to rewrite the laws in simpler and plainer language, and it will be done soon. That is not enough. They will have to be re-modelled and brought in line with present-day methods.

Not one of the present 17 laws is clear-cut or decisive. There is no plain definition of obstruction, tackling or charging. Even the laws relating to offside, fouling and handling the ball are not definite. They all place the onus of deciding whether an offence has been committed on the poor referee.

When the Football Association heads do make up their minds to overhaul the laws, we shall see a big improvement in both the standard of play and refereeing. Then that harassed official will go on the field not as a mind-reader, but as one who knows exactly what he has to do.

The biggest transfer of the English football season was paid when Liverpool obtained Willie Fagan, Preston North End's 19-year-old Scottish inside left, for \$40,000. Middlesbrough wanted Fagan, but their offer, made some time ago, was too small. With Cammell and Yorston injured, however, Middlesbrough found the need for a new forward pressing, and again approached Preston, with a bigger offer, but it was too late. Fagan was then a Liverpool player.

Fagan joined Preston from Glasgow Celtic exactly a year ago and has played in 40 league games for them. He was in the cup final team last season. Manchester United paid the highest fee ever received by Bournemouth when they signed J. Rowley, an 18-year-old inside left. He cost them \$15,000.

### Vancouver Reps Defeat Varsity

VANCOUVER—The powerful Vancouver Reps' English rugby team yesterday opened their 1937-38 challenge for the McKechnie Cup by coming from behind in the second half to defeat the cupholders, University of British Columbia Thunderbirds, 13 to 8.

Reps had the best of play throughout. Led by their half-back, Rusty Goepel, the Vancouverites led 6 to 3 at half-time and then came from behind in the second half after a great 100-yard run by Howie McPhee for a try had put Varsity ahead.

### Cameron's Score Soccer Victory

In an Intermediate Football League match played yesterday at the Heywood Avenue grounds, Camerons defeated the Cooperage 4 to 1. Oakley got the opening goal for Camerons with D. Duncan equalizing for the Cooperage. The second half saw Camerons have a decided edge to add three goals through J. Duncan, 2, and Booth, Edgar Borde refereed.

### Former Turn On Power to Defeat Canadiens 3 to 0

Drive Through For Three Goals in Last Period; Three Major Penalties

#### Rangers Defeated

When King-Clancy promised he would make Montreal Maroons a fighting hockey club he meant what he said. He has a big, bruising team that refuses to be stepped on.

Maroons' schedule is two games old and the first contest brought a 4 to 2 loss before Boston's improved Bruins. But Clancy's men threw their weight around and scrapped to the finish in that tussle and came back last night to take a torrid 3 to 0 decision from Canadiens as the season's intra-Montreal warfare began.

For two periods Maroons incurred penalties and had to let Canadiens carry the play while they were shorthanded. During that time Bill Beveridge, an amazing bulwark as he turned back Habitant bids that seemed sure to bring goals.

#### FIGHT IS SEEN

Then the big red team organized itself and in less than four minutes of the third period scored twice. Maroons continued to wade in and when a penalty-box fight between Babe Siebert of Canadiens and Baldy Northcott of Maroons developed, Coach Clancy and most of his soldiers piled into the fray.

When Referee Babe Dye and Clarence Campbell had quietened the batters and administered penalties Maroons went right back to work and continued to pour rubber at Goalie Wilf Cude. Five minutes before the finish rookie Des Smith converted Herbie Cain's pass into the final goal.

The night's other result was a 3 to 1 victory for Chicago over the Rangers in New York. Bill Stewart's Hawks, with Doc Romnes, Mush March and Paul Thompson leading, took a lead after a minute of play and carried on with rugged defensive tactics that thoroughly discouraged Rangers and the crowd of 16,000.

Chicago went to the front in the league's United States section through the victory. The win, with a tie against Canadiens, gave the Hawks a single point more than Boston and Rangers, while Detroit's world champions are in last place with one tie in two starts.

But the feature fighting was crowded into Montreal's Forum, where Maroons earned a second-place tie with New York Americans, who also have won and lost in their two matches. Toronto leads the group with a victory and a tie and Canadiens are third, with a draw and a defeat.

Goalie Bill Beveridge was all that kept Canadiens from going far to the front in the early minutes. But Clancy rallied the forces. Wilf Cude cleared Marvin Wentworth's shot right back to the big defenceman and Wentworth backhanded the puck home as he crossed before the net.

In 27 seconds Maroons were ahead 2 to 0. Northcott passed behind the Canadian goal to Ward, who relayed out to Tommy Cook. The one time Chicago centre slapped the rubber past Cude again.

Siebert and Northcott finally were penalized. As they went off they argued and when they reached the bench they grappled. Siebert and Northcott were given majors and match misconduct penalties, while Evans drew a 10-minute misconduct sentence. Northcott suffered a forehead cut.

#### JENKINS RELEASED

Before the game Clancy evidenced enough faith in Des Smith to give Roger Jenkins his unconditional release. Romnes scored twice in the third period at New York, his second goal coming less than a half minute from the end. Thompson (Turn to Page 14, Col. 5).

### E. HEAL WINS GOLF TOURNEY

Takes Honors in Remembrance Day Event at Uplands Club With Net 64

Finishing with a gross score of 88, which his handicap reduced to a net 64, E. Heal won the Angus-Dillabough Shield and the low net prize presented by Major Gus Lyons in the annual Remembrance Day tournament held yesterday at the Uplands Golf Club. The runner-up was Col. A. F. M. Slater with a score of 80-14-66.

With an entry of 112, the largest in the history of the competition, the tourney was an outstanding success. A feature was the appearance of Canadian Scottish pipers on the course during the afternoon.

Walter Gravling, Uplands pro, marked up a 73 for the best gross score of the tourney. Four players, including Russ Case, Vancouver; G. M. Lindsay, R. L. Challenor and Freddy Burns, tied for second low gross with 79s.

The low net scores for the first nine saw four finish in a tie with 35s. They were E. Rance, J. Walton, J. P. Morgan and J. Cathcart. The low net for the second nine went to W. S. Smith with a 30, with Capt. O. Cox runner-up with a 33.

The prize for the high gross and net went to H. Hutchinson with a score of 148-24-124. In the feature fourball match Gravling and Freddy Burns defeated Russ Case and A. S. C. Musgrave by the narrow margin of 2 and 1.

In the evening 117 sat down for the banquet in the clubhouse. Bert Challenor acted as chairman and presented the prizes in the absence of Capt. W. C. Merston. Sid Halls, a former president of the Uplands Club, proposed the toast to "Our Fallen Comrades."

### Trial Gala Monday For City Swim Team

Victoria Performers to Compete in Tests For Canadian Empire Try-outs

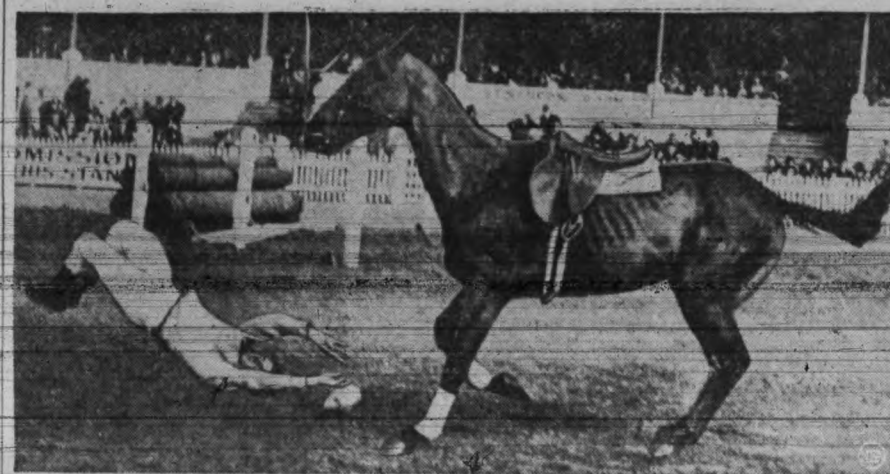

Eyes of Victoria's swimming faithful will focus on the waters of Crystal Garden Monday night as local hopefuls strive for places on a city squad scheduled to invade Vancouver next month to try for berths on Canada's British Empire Games team.

Thirteen open events are listed for Monday's major splash party, with junior and special contests bringing the programme up to an even 22 contests.

Main hopes of the city rest on eight young performers whose showings here may be good enough to merit participation in the national try-outs.

Monica Trump the V.A.S.C.'s breast-stroke and freestyle artist, will be no stranger to the winning ranks in the Canadian fields when she competes. With her Bobby Moss, a youngster who showed promise a while ago, will carry that club's hopes.

### Welcome Stranger Says Goodbye to Jockey

If you think the jockey was a bit put out when he collected himself after his mishap in a steeplechase race at Melbourne, Australia, think of the discomfiture of the folks who had bet on Welcome Stranger when the horse put on four-foot brakes and sent his rider head-over-heels onto the track. Apparently Welcome Stranger was afraid he'd get his feet wet—he was approaching a water jump when he balked.

### PORTLAND IN ANOTHER TIE

Bucks Play Third Drawn Game in Coast Hockey League; Head Circuit

PORTLAND, Ore.—The fatigued Portland Buckaroos held first place in Coast League hockey standings today and the strange part of it is, the Bucks have not won a game yet.

Wary from a jaunt around the circuit in which they played four games in five days, three of them ending in overtime, the Portlanders blew a 3 to 0 lead last night as the fast-charging Seattle Sea Hawks came from behind to earn a 3 to 3 overtime tie.

#### SUMMARY

First period scoring: 1, Portland, Sutherland (Whittles) 5:08; 2, Portland, Gilmour (Scharfe) 11:58. Penalties, Whittles.

Second period scoring: 3, Portland, Pridham, 0:22; 4, Seattle, Leswick (Field, Moffatt), 14:45; 5, Seattle, Jerma (Tabor), 8:03. Penalties, none.

### Wednesday League In Football Win

Defeat Saturday League 3 to 2 in Cup Match; Two Penalties Awarded

With the aid of two penalty goals in the last 10 minutes, Victoria Wednesday League soccer representatives, nosed out the Saturday League's second-string squad, 3 to 2, yesterday afternoon when they clashed in the opening of the best-of-three game Anson Cup series at the Athletic Park. About 500 fans were on hand for the engagement, played under ideal weather conditions.

The teams played a hard, bustling game throughout and the brand of ball, although spotty in parts, was interesting to watch. Both clubs, however, lacked finish in their attacks in front of the posts, with the result countless attempts whistled merrily past the goals.

After 80 minutes of play the two teams were still in a 1 to 1 tie on the scoreboard, but during the remaining 10 minutes the Restell brothers were penalized for infractions in their own penalty area and Bruce Robinson converted both efforts from the spot to give the mid-week aggregation its victory. The weekenders managed to earn one more goal before the whistle sounded "finis."

Prior to the kick-off two minutes of silence was observed. **FIRST HALF** The game was fairly even all the way, with play switching continually. During a stiff Wednesday League offensive after 10 minutes of the opening half the Saturday team engineered a fast breakaway, with Harry Hoiness, left wing, flying down the field to drive a hard shot at DeCosta, the (Turn to Page 14, Col. 5).

### Navy In Great Rugby Victory

Defeat Garrison 8 to 6 in Annual Armistice Fixture Before Large Crowd

Armistice Day rugby tradition was observed yesterday before approximately 1,000 fans at Macdonald Park when the Navy turned back the Garrison, 8 to 6, in an exciting fixture.

Although the rugby was not of the best, the match was an exciting one from the time Capt. V. G. Brodeur kicked off the ball, until Benny McMillan blew the final whistle.

The sailors turned what looked like certain defeat into a great triumph on the scoring punch provided by George Banfield, who was shifted from forward position to the backfield. Banfield crashed through for the Navy's initial score 18 minutes following the start of the final session after the Army had set up a 6 to 0 lead. Five minutes before the end of the half, in a breath-taking rally by the sailors, he scored again.

Jack Cosier, former Fifth Brigade intermediate star broke the deadlock and scored the winning points. His first kick was muffed, but it was ordered taken again when Wood charged too soon.

The second attempt saw the ball soar over the crossbar for conversion. The Army boys had the edge decided in the first half. They opened the scoring near the left corner flag when the Garrison pack pushed over from a five-yard scrum. Montgomery, young senior "B" player, was officially credited with the try. During the early stages of the first half, "Dimpy" Wood took advantage of a Navy fumble to go over for Army's final score.

Loveless, Army fullback, gave a great kicking exhibition, while Hatch and Lee, Garrison, turned in a great battle in the forward pack. George Banfield, Rutherford and Corbin were outstanding Navy forwards, while Cosier starred in the backfield.

Benny McMillan refereed. The teams were:

Navy—Myra, Downs, Fisher, Smith, Hibbert, Cosier, Butler, Corbin, Banfield, McCrae, Nelson, Mansfield, Braithwaite, Buxton and Rutherford.

Army—Loveless, Carson, Green, W. Wood, Rippengale, Martin, Stewart, Hall, Montgomery, Hatch, Venus, Polinsky, Pocock, Lee and Rasmussen.

Cafemen Meet Navy Tonight

Liberty Cafe cagers will be out to strengthen their lead in the senior B men's basketball race in the Victoria and District Basketball League at the expense of the Navy quintette when they meet in the main tussle on the two-game card at the High School gym this evening.

The first game, at 8, will bring together Ramblers and Chinese Students, intermediate A boys' squads. Victoria Dominos will attempt to make it five straight wins tomorrow night when they tackle Seattle Elks at the High School. St. Louis College Alumni will take on the Canadian Scottish in the first game at 8.

### BAYS TO PLAY NAVY RUGGERS

Meet in Barnard Cup Fixture Tomorrow Afternoon at Macdonald Park

The league-leading J.B.A.A. ruggers will battle the Navy tomorrow afternoon at Macdonald Park in a Barnard Cup fixture, the feature match on the weekend oval ball programme.

On past performance the strongest aggregation in the loop, the Bays will be up against no mean opponents when they face off with the sailors. The R.C.N. boys will be fresh from their victory over the Army yesterday and should give the oarsmen a great battle.

The senior B division schedule will see the Garrison take on the Canadian Scottish while the Navy will play Victoria College at Admiral's Road and the Wanderers will meet the Canadian Scottish at Oak Bay in the intermediate section.

All games will start at 2.45.

Marks Up 4 to 3 Victory in Intercity Soccer League Engagement

VANCOUVER—The Victoria Intercity League soccer squad today held its first victory of the season over a Vancouver eleven after defeating St. Andrew's 4 to 3 in an Armistice Day game here yesterday.

All but one of the Victoria team's goals were scored in the first 15 minutes of the game, played on the slippery pitch in a cold drizzle of rain.

A strong attack on the Saints' goal followed the opening whistle, and the visitors opened the scoring when Watt outsmarted two of the home team's defence men and drove the leather into the net.

A mixup inside St. Andrew's penalty area resulted in a free kick for Victoria, and Watt increased his team's lead with another goal.

The next goal was a gift to the visitors when Fergie McLean, fullback, attempted to clear the ball back to Greenwood and shot it into the net instead, giving Victoria a 3 to 0 lead, which they held until the half-time whistle.

#### SECOND HALF

An effective switch in the Saints' lineup was made as the last half opened when Tommy McNeil was put at inside left in place of Bregani.

Hap Smith scored the first goal for the Saints 10 minutes after play resumed, when he drove home a pass from Morley. Brown further reduced the lead a few minutes later when he scored on a rebound.

Victoria checked the St. Andrews rally, however, and counted their fourth goal when Jimmy Worswick beat Greenwood from close in.

Smith evened things up a little more when he headed in a corner kick from Musgrave, but Morley lost a chance to earn a tie for the Saints when he missed a free shot at the Victoria goal. The penalty was awarded five minutes before the end of the game when Cooke fowled Webber inside Victoria's penalty area.

### BIG SEVEN OF MAJOR HOCKEY

Jimmy Ward of Maroons and Mush March of Chicago last night joined the National League players who have gained three scoring points. Ward contributed an assist as Maroons shut out Canadiens and March got a goal and an assist in the victory over Rangers, but no player could catch Gordon Drillon of Toronto, on top with three goals and an assist.

## Walker Resigns As Sheffield Manager

Surprises English Soccer By Giving Up Position With The Wednesday

LONDON — Hard grounds are probable for soccer games to-morrow in England and Wales. Cold, fine weather prevails throughout the United Kingdom, but footballers who have been reeling in soft pitches, will hardly relish the change that usually brings out a good crop of injuries.

The soccer world received a surprise when it was announced Billy Walker has resigned as manager of Sheffield Wednesday. Walker, an old Aston Villa international, guided the Wednesday when they won the English Cup in 1935.

Scotty Duncan has been given his release by Manchester United and will take charge of Ipswich. Duncan, a former league club that hopes to land a berth in the third division next season. The Southern League team offered Duncan £1,500 (\$7,500) to become its manager.

### LEADERS UNCHANGED

Brentford, at present holding top place in the English league, is fielding an unchanged team for its game against Middlesbrough at Griffin Park. But the Bees are not taking the powerful northern squad too lightly.

In second place with 19 points, one behind its London rival, Chelsea, makes the long journey to Everton. There will be a real battle at Wolverhampton where Wanderers tackle Charlton Athletic, erstwhile leader.

Londoners are wondering if West Ham United can put a dint in Coventry City's unbeaten record at the week-end. The second division leader, one of the strongest defensive aggregations in the country, will have a hard job against the fourth-place Hammers.

Millwall, third division, southern section leader, should have little trouble in downing Bristol Rovers, although the western squad is playing on its own ground at Eastville. In the northern circuit, Lincoln City and Gateshead are bracketed in the top berth with 21 points. Both

are at home to strong teams, the City playing Doncaster Rovers while Gateshead meets Chester.

### SCOTTISH LEAGUE

GLASGOW — When Scottish Football League teams line up for tomorrow's games they will conclude three months of the eight-month schedule. And indications at this date point to a sustained battle for the championship.

Dundee demonstrated brilliant early-season play, surprising critics with a seven-game winning streak that gave the Dens Park eleven clear lead. Rangers then assumed leadership with a steady procession of victories and draws and remains the only unbeaten club in the loop.

Motherwell took over the top position two weeks ago when Rangers postponed league activities to win the Glasgow Cup. Motherwell now leads with a one-point margin over Rangers and Hearts. Dundee is three points behind.

Motherwell entertains St. Mirren, well down in the standing. Rangers go to Arbroath and Hearts are hosts to Queens Park. Opposition in both matches should not cause much worry to either Light Blue or Tynecastle Park outfits.

Dens Park again will be packed to capacity as Falkirk, situated on the sixth rung of the championship ladder, provides the opposition.

Third Lanark meets Celtic in an all-Glasgow affair, while another Glasgow game is scheduled at Partick Thistle's enclosure. Ayr United meets the Thistles.

Aberdeen is confidently expected to better its position after the week-end match. The Dons meet Clyde at Shawfield Park.

### WRESTLING

Toronto—Yvon Robert, 219, Montreal, drew with Danno O'Mahoney, 221, Ireland, one hour.

Camden, N.J.—Ray Steele, 210, Glendale, Calif., defeated Mike Mazurki, 206, New York, two of three falls.

Kansas City—Olaf Olson, 232, Minneapolis, threw Ed (Strangler) White, 230, Birmingham, 15.00.

## Will Hold Dog Show Tomorrow

With a good entry from all parts of the Pacific Northwest the annual fall championship show of the Victoria City Kennel Club will be held tomorrow at 858 Yates Street. Judging will commence at 10 in the morning and continue until late in the evening.

## Browne-Cave In Quarter Finals Beats Horne and Lukey in Opening Rounds of Table Tennis Tourney

Defending his singles title, Wilmot Browne-Cave advanced to the quarter-finals last night when he defeated J. E. Horne and Lukey in the opening rounds of the closed city table tennis championships played at the Victoria Table Tennis Association's headquarters in the Westholme Hotel. He will oppose Bill Cotton, junior champion.

Hi Lowe saw action in the only five-set matches of the evening. The Chinese flash defeated A. Taylor in the first round, but later in the evening lost to A. Renfrew. Other seeded players emerged with victories during the evening.

Consolation singles event composed of players eliminated in the first round of the men's singles, junior singles, women's singles and novice singles, will commence at 7.30 tonight, and will be played on the practice tables of the association in the inner room.

Matches in all events will be brought up to the finals tonight, with the finals to be played to-morrow night.

## O'Shocker To Meet Chiwacki

Leading Matmen Booked For Main Event on Local Wrestling Show

Two of the fiercest exponents of groan and grunt, Patrick O'Shocker, the rough and ready Irishman and Chief Chiwacki, the gypsy, will appear in the main event on tomorrow night's wrestling show at the Tillicum gym. Plenty of action should be the order when this pair attempt to decide a victor.

Paul Boesch, clever New Yorker, and Kimon Kuda, Ju Jutsu expert, will grapple in a mixed Ju Jutsu and catch-as-catch-can bout over the best-of-three-falls route. This will be the semi-main bout.

The show will be highlighted by the appearance of the world's biggest wrestler in the special event. He is "Blimp" Levy, who weighs 667 pounds. Little Herbie Freeman, from New York, will meet the big boy in the one-fall match.

Reg Hopkins and Fat Griffin will grapple in the opener at 8.45.

ball bouncing over the net-minder's shoulder into the net for the opening marker.

About 15 minutes later, while the Wednesday League forwards were concentrating heavily on the opposing goal, fullback Roper blocked Eddy DeCosta's attempt, who in turn stopped Roper's clearance and Barney Barnswell took the rebound and grounded it between the posts to even the count at 1 to 1.

For 35 minutes of the final half both teams kept up a running-fire at the goals, but their marksmanship was poor. However, the mid-week squad finally advanced into the lead. Geddes took Ross's corner kick and headed to Collins, who was fouled by Goalie Tommy Restell. Robinson made no mistake. The Saturday eleven returned to the attack and Cosier's kick hit the upright, but Harry Holness recovered and booted the leather into the hem. The ball just grazing DeCosta's hands, to tie the score again. Victory was handed the mid-week loop soon after when Referee McMillan called a hand

# 1938 DODGE BEAUTIFUL! LAST WORD IN COMFORT

Says W. W. COLE, 4013 Dundas St., W., TORONTO

## NEW 1938 DODGE CARS SAVE YOU MONEY AND PROVIDE GREATER SAFETY

Mr. Cole says: "I have driven 27 different cars in my day—the last five of them Dodge... Now my 1938 Dodge surpasses even the other great Dodges... the whole appearance of the car lends quality to the owner everywhere he drives... I am impressed with its even greater comfort... added response in steering and parking."

### EASIER TO STEER

And here's what Mr. Eber Wright, who operates a taxi service in London, Ontario, says: "After purchasing three 1938 models, I find new improvements that make driving for a living an actual pleasure. The new Dodge is a lot easier to steer... sway on curves and corners completely eliminated... floats easily over bumps and rough country roads..."

### RELAXED DRIVING CONTROL

Owners have found, however, that Dodge engineering research never ends and that the new 1938 Dodge cars are easier riding, quieter... Relaxed Driving Control simplifies every handling operation... clutch action is easier... gear shifting is easier... Exquisite new decorative notes in trim, finish, upholstery and appointments... 22% more space in trunks... Ease of entrance and exit... 1938 "Silenced Airslide Ride"... A sensational combination of restful riding features.

Phone your Dodge-DeSoto dealer today. He will be glad to bring a new Dodge to your home so that you and your family may see and drive it... Learn how you, too, can switch to a Dodge and save money—and remember, the Dodge Six is priced right down among the lowest priced cars!

EASY TERMS gladly arranged to fit your budget through the Commercial Credit Corporation of Canada Limited.

### WANTS LEGISLATURE ON THE AIR

To the Editor:—Who said that Victorians are indifferent to what is going on in the country? The hundreds and more hundreds who were turned away from the public galleries in the House Thursday afternoon—140 of which had applied for reservations, according to the attendants—thought otherwise.

For us, who came from the country—we had to borrow the stage fare to get in!—to hear Telford in his maiden speech, as undoubtedly most of the others, who came in vain, it was rather tough, more so, where our small radio set does not give us CKMO Saturday nights, 7.45, to hear Telford tell about what is going on in the House!

Digging deep in our pockets, we found the wherewithal yet to go and see "Emil Zola" at the Capitol instead. I was only a young man—at that time in the Dutch East Indies—when Zola hurled his "accuse" in the face of injustice of all what is reactionary, how well I remember that!

His fight for "justice," climaxing in his freeing of Dreyfus from the horrors of Devil's Island in the end, finds its counterpart in the fight for justice, all over the world, 49 years later, now; Telford and his associates from the vanguard of the 100,000 or so, who wage that fight here in British Columbia, as Woods, worth and his associates in the national C.C.F. are out in front of the hundreds of thousands all over Canada, who see the light of a better day dawning over the world!

Since it is too much to expect from the government that they will enlarge the capacity of the public galleries in the House in such a way that they can accommodate all interested in the people's paramount business, they might install microphones and give the people the opportunity to listen to the way their representatives conduct their, the people's, business.

Zola said "la verite est en marche"—truth is on the march, nothing can stop it! The day is not far off, when you will be called to the supreme attack on the forces of reaction, greed, graft, hypocrisy, inhumanity to man; when you will sing: "Alons, enfants de la patrie, le jour de gloire est arrive" or words to that effect!

### TAMPERING WITH RECORDS DENIED

To the Editor:—Mr. Pooley, former Attorney-General, is quoted as having stated he overnight changed from the elective system of naming police commissions to the present system because he had received proof of tampering with the records and interference.

If such was the case, then why should so serious an offence go unpunished; that was the responsibility of the Attorney-General's department. Yet Mr. Pooley did nothing about it. I have taken the precaution to inquire of Chief Heatley whether any action whatsoever was taken to charge the guilty ones with this offence. The chief says no; also our present Mayor McGavin, who at the time of change was one of our elected police commissioners, tells me there was no action taken. Nor did Mayor McGavin hesitate to state there was no proof of even a suspicion of tampering with criminal records by any member of the police commission.

When prestige from having formerly held high office is taken advantage of to besmirch the good name of fellow-citizens, surely it is high time there was something done about this line of slander!

The public are about fed up with politicians who hide behind high office to hit below the belt. Every day evidences arise stressing the great need in the political life of our province for gentlemanly sportsmanship.

### BIBLE AND MYTHS

To the Editor:—From recent press reports there seems to be a small group of religionists bent on having the Bible read in the schools of British Columbia. They are known as "Back-to-the-Bible Movement," and it would be more than interesting to know if the object of the movement is honestly to teach the Bible, or is it to sell Bibles?

The Bible is a collection of literature which depicts ancient history.

It is a weird mixture of truths and myths and mistakes. Most of the material contained therein was handed down by word of mouth, and it is a well-known fact that stories and legends conveyed on this vehicle usually become distorted, exaggerated ones as they were transformed into something quite different to what the original really was. Science is fact arrived at by observation and experiment. It is

also of logical reasoning. But faith and beliefs are largely of the imagination and the sentimentality of emotional unbalance.

If we wish to teach our children in school the truth about themselves and the world they live in, we must give them concrete facts, which may mean that the farther we keep them away from the Bible the nearer they are likely to come to the truth.

We must admit that if this minority group is successful in having the Bible put into the schools the teachers would surely have a wonderful opportunity of instilling into our children's minds the charming, brotherly love of Cain and Abel, also that skilful business-like brotherly love, with the keep of a deceitful mother of Esau and Jacob.

"Myths," said Aristotle, "are lying messengers that represent the truth."

Time and science have proven up to the hilt the veracity of that ancient philosopher's remark.

### THINKS VETERANS SPEND TOO MUCH ON BEER

To the Editor:—As Armistice Day approaches each year old soldiers, who the old song declared, "never die, but just fade away," become sentimental and a recollection of grievances, many real, others a figment of the brain, makes them morbid.

I do not know what promises were made to men who joined after I did in 1914, but I do not recall anything as to intentions to make provisions for those who returned. We were keen to go and in 1919 keen to get discharged.

Now a word as to conditions today. In any returned men's club I've been in, the beer parlor is the chief and most frequented place. Money, for beer at any rate, seems to be plentiful. But at 10¢ a glass I could not afford, without going without essentials, even if I liked beer, which I do not. I believe the upkeep of the clubs is largely dependent on beer sales.

But I must confess when I hear so much about the returned men not getting enough to live on, I think of all that beer that goes down their throats, and somehow I am not convinced that the government has failed to play square.

### SUPPORT EXPOSE

To the Editor:—In the interests of peace and justice I feel impelled to support Mr. Butler's expose of the League for Peace and Democracy.

When I was secretary of the League of Nations Society I had several dealings with this league, the name of which was then the League Against War and Fascism. I was present at its inaugural meeting in Victoria and at once sensed (having had experience of such before) that it was a Communist-inspired society, so of course did not join it. One of my friends did join it, and was put on its executive.

This friend left the League six months later and told me the reason—it was making use of the sacred cause of peace in order to further that of Socialism, if not Communism. I then went into the history of this world-wide league and found that it was the direct outcome of the orders issued by the Comintern of 1929 to its satellites throughout the democratic countries of the world, that they should exploit the growing popularity of the peace movement to further the ends of communism and its gateway—socialism.

The governing powers behind this League are certainly carrying out Lenin's diabolical teaching that any means, any tactics, however deceitful, are right and justifiable if they further the cause of Marxian socialism. They may even favor Marx and Lenin's even more diabolical teaching, to turn international war into civil war.

In Canada we have a good peace society which is out for peace and peace only—it has no political bias and is open to all. This, The League of Nations Society, is out to promote friendliness between all nations, whatever their politics—this is the true way to peace.

At all the meetings of the League for Peace and Democracy I have attended the speeches have had a marked tendency to stir up hatred for all countries which are against Socialism. Anything which such nations do, even if good, is bad, whereas anything which Russia does, however bad, is good. At one meeting the present ghastly judicial murders which are being carried out wholesale in Russia were openly excused and justified. Also many of the speeches I have heard at these meetings have tended to stir up hatred between class and class, and such teaching, if listened to, can only lead to civil war and dictatorship.

Mutual love, understanding and sympathy, freer trade and the removal of the economic

causes of war are the only sure roads to peace. Any who teach and preach hatred either between class, whether they know it or not are working against peace and democracy and for war and dictatorship.

### SECURITY VALUES

To the Editor:—The drastic decline in security prices on the New York Stock Exchange should not be dismissed lightly by thinking people as merely another

periodic fleeing of the lambs, but should be carefully analyzed by all investors in the light of what has been happening financially and politically in that country in the last few years.

While the collapse in its initial stage was undoubtedly the result of a market that was not only too high but too thin, other factors, less obvious but equally potent, have been gnawing at the vitals of American business for years.

Allow me to mention a few instances of "New Deal" policy which has affected confidence:

1. The Roosevelt administration, after five years in office, two of which have been exceedingly prosperous years, has made no attempt to balance the budget, notwithstanding the fact that this year saw record-breaking tax receipts.

2. The national debt, now almost forty billions of dollars, has been almost doubled in five years, with no appreciable decrease in unemployment.

3. The Silver Purchase Act, whereby good American dollars were spent to buy silver, now

sterilized in federal bank vaults and serving no useful purpose.

4. Raising the price of gold with no corresponding benefits to American exporters.

5. Political affiliations with militant labor incensing employers of labor and creating class hatred.

6. Threatened introduction of further anti-trust legislation.

7. Complete lack of confidence in government generally.

It is true, of course, that in relation to wealth, population and resources the debt of American is not excessive when compared

to other countries. Signs too are not lacking that necessity may compel the authorities to view the economic picture in the cold light of reality, instead of through the blurred glasses of the visionary. The Supreme Court rebuff and the New York City election are straws which show the way the wind is blowing.

When confidence returns the stock market will resume an upward trend. Until then, well, it is anybody's guess.

GEORGE MACBETH.

## "ACID INDIGESTION" GOES FAST

WHEN YOU ALKALIZE EXCESS STOMACH ACIDS WITH "PHILLIPS"

The fastest way to "alkalize" is to carry your alkaliizer with you. That's what thousands do now that genuine Phillips' comes in tiny, peppermint flavored tablets—in a flat tin for pocket or purse. Then you are always ready.

Use it this way. Take 2 Phillips' tablets—equal in "alkalizing" effect to 2 teaspoonfuls of liquid Phillips' from the bottle. At once you feel "gas," nausea, "over-crowding" from

hyper-acidity begin to ease. "Acid" headaches, "acid breath," over-acid stomach are corrected at the source. This is the quick way to ease your own distress—avoid offense to others.

THE ORIGINAL IN LIQUID FORM

For infants, children and adults, Phillips' Milk of Magnesia is the original form.

## OUTSTANDING QUALITY — for very little money

ALLAN W. OLSON, Pilot for Northwest Airlines (one of the leading American lines) has been in most cities of the United States and Canada. He has bought a lot of clothes—but Tip Top is his favorite tailor. It's the outstanding value in Tip Top clothes that appeals to Mr. Olson. He likes their top flight British woollens; their smart style, as up-to-the-minute as the latest airliners; their fine fit and superior workmanship, made possible by skilled and enthusiastic union craftsmen. The hand-cut individuality of every garment tells him that these clothes were made for him alone. No wonder Mr. Olson says that Tip Top gives "outstanding quality for very little money"!

You, too, will find that Tip Top values are extraordinary, and greater now than ever before.

Gentlemen:—

In 1933 I purchased two suits of Tip Top Clothes in Winnipeg and did not find it necessary to discard either suit until just recently. The fine quality of material and workmanship and the exceptional serviceability of these clothes convinced me that a better clothing investment is not to be found. Consequently I have just ordered three more suits.

I think at the price Tip Top certainly sells clothes of outstanding quality for very little money.

## MOVE ON TOLLS IS DEFEATED

House Rejects Plea For Removal of Levies on Fraser River Bridge

Conservatives joined the Liberals in the British Columbia Legislature Wednesday in voting against a C.C.F. attempt to have the House consider removal of tolls from the Pattullo bridge at New Westminster.

On a straight party-line vote, the House by 35 to 8 rejected the matter when it was introduced by L. Shepherd, C.C.F., Delta, who said he had been petitioned by residents of the Fraser Valley for removal of the tolls. Thomas Uphill, Labor, Fernie, made the eighth vote with the C.C.F.

When Mr. Shepherd attempted to bring up the subject as a matter of urgent public importance since the bridge will open next Tuesday, Premier Pattullo said: "Surely, Mr. Speaker, we don't want to make this House a burlesque."

"It may be burlesque to you, but it isn't to the people of the province," retorted Harold Winch, C.C.F. whip.

An Arab geographer of the 12th century, describing Britain, said it had fine people, but "perpetual winter reigns there."

## Stamp News

Full descriptions, dates and places of first-day sale for the Alaskan, Puerto Rican and Virgin Islands commemorative postage stamps have been announced by Postmaster General James A. Farley.

The Alaskan stamp will go on sale in Juneau, November 12; the Puerto Rican issue at San Juan, November 25, and the Virgin Islands stamp at Charlotte Amalie on December 15. General sales at post-offices throughout the United States will start the following day or as soon thereafter as distribution can be arranged.

The three stamps, each of the 3-cent denomination, will be arranged horizontally and printed in purple ink in sheets of 50 on rotary presses.

The Alaska stamp will have as its central design a view of snow-capped Mt. McKinley, while the foreground will depict an Alaskan rural scene. A reproduction of the old Governor's Palace, known as "La Fortaleza," will feature the central design of the Puerto Rican issue. The central motif of the Virgin Islands stamp will be a view of the city of Charlotte Amalie with the outlying harbor and sugar loaf mountains in the distance.

Stamp collectors desiring first-day cancellations of the new stamps at the respective territorial capitals should address their covers in care of the postmasters at Juneau, San Juan and Charlotte Amalie. This should be done without delay.

The new French stamp com-

memorating the United States Constitution is a 1.75 franc light blue. The central design depicts La Belle France and Columbia clasping hands against a background of the Stars and Stripes and the French Tricolor.

Elaine Rawlinson of New York won the national stamp design contest sponsored by the United States government. Charles Bauer of East Orange, N.J., captured the second award. (Copyright, 1937, NEA Services.)

## Dancers Sing Wartime Songs

Decorations and Appropriate Music Provide Poppy Ball Atmosphere

Familiar military marches and well-known songs of war days set to dance time, made an appropriate touch for the Armistice Eve Ball at the Empress Hotel Wednesday evening and helped to make the ball one of the most successful ever held at the Empress Hotel.

Attractive decorations, featuring flags lent by the Royal Canadian Navy, a large poppy cross and a realistic piece of front-line scenery provided suitable atmosphere and gay uniforms of militaries and dress uniforms of the militia added to the general brightness of the scene.

The members of the Amputations Club, who for five years have sponsored the Armistice Ball, excelled themselves as hosts and had the satisfaction of seeing the ball established as one of the outstanding events of the Victoria social evening.

From the time the ball opened to the home waltz, the party went with a swing and at times, with the whole company of 500 joining in heartily singing "Tipperray," "Long Long Trail," "Colonel Bogey," "Something About a Soldier," "Pack All Your Troubles" and other familiar tunes of war days the Armistice Ball assumed an atmosphere entirely its own.

The committee in charge of the arrangements which included Messrs. John Davie, chairman; C. Ockenden, A. Palmer, H. Riches, E. Tucker, G. Ockwell, A. Fellow and J. Pierson are to be cordially congratulated on the success of the function.

## 2,000 LOGGERS ARE LAID OFF

Shingle Mills Forced to Close Until Next Spring

Curtailment of the United States shingle quota will keep most of the cedar camps of British Columbia closed from now until the spring.

Leading cedar operators estimated today that 2,000 loggers have lost their jobs in the last few weeks as a result of the collapse of the shingle market. As the present U.S. quota will remain in force for some months, it will be impossible for the cedar camps to reopen during the winter.

The present condition of the shingle market not only has closed the smaller camps entirely dependent on the sale of cedar logs for shingle bolts, but has affected some of the larger camps which cut a substantial proportion of cedar, one of the largest camps in British Columbia is idle entirely as a result of the shingle situation, and other large operators, now carrying a surplus of cedar logs, fear that they may have to close soon if conditions do not improve.

Camps not dependent on the cedar market are remaining open and will continue to operate until the first of the year in most cases, despite the continuance of a dull lumber market, due in part to the war in China and to high freight rates.

Volunteer observers last year supplied the snow survey branch of the U.S. Bureau of Agricultural Engineering, with information about snowfall that would have cost at least \$200,000 if done by regular crews.

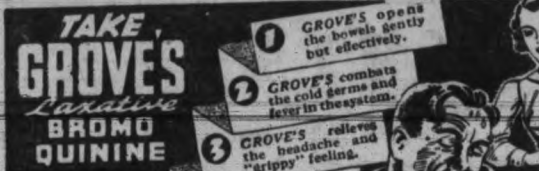

## GIRLS WHO HAVE NO BOY FRIENDS

Quick Easy Way to Get Charm

Girls who don't attract boy friends wonder why. Beautiful, perfect features are not the reason. Cleopatra and famous women were often ugly. Have nice skin, plenty of animation, and watch out for your figure. You'll be surprised how popular you are. So many girls have poor complexions—no life—their figure slipping, and don't realize it. Take "Fruit-A-Tives" and you'll soon be amazed how different and how attractive you've become. It purifies your blood, makes the skin pores work, gets rid of waste and poisons, gives you new energy, prevents flabby tissue from forming. "Fruit-A-Tives" gives you new charm. 25c.

### Hart Believes Alberta to Pay

Prairie Province Will Return  
to Sound Finance and Pay  
Debts, He Says

Hon. John Hart, B.C. Minister of Finance, in the Legislature Wednesday, predicted the end of Social Credit in Alberta and the return of that province to sound finance.

"It is only a question of time until some in charge in Alberta will bring down a sound policy and Alberta will pay her debts in full," the Finance Minister said, explaining why the B.C. treasury was retaining the Alberta bonds it holds in sinking funds instead of selling them now at a loss.

At today's prices, said Mr. Hart, Alberta bonds were a good buy.

He said he also had the fullest confidence that Saskatchewan would pull through its financial difficulties and would never default.

Gold hoardings in India are such that no one can accurately estimate the amount; the common estimate, however, sets it at above \$5,000,000,000.

### STOMACH PAIN

If you have gnawing stomach pains between meals, your case is something like that of Mr. A. B., of Scarborough. For ten years he suffered from these nagging stomach pains between meals. During all this time he had tried dozens of treatments and remedies. Finally he took Maclean Brand Stomach Powder. "From the first dose I felt like a new man," he writes. "Every time these pains come on I take a dose or two of Maclean Brand and in a minute or two they have vanished."

When you get those pains in your stomach, or gas, dyspepsia or heartburn put you in great discomfort, your trouble is in an acid condition. Maclean Brand Stomach Powder, which is used in leading British hospitals, counteracts this condition. It relieves the pain and soothes inflamed tissues. Get a bottle—either powder or tablets—at drug stores, 75c. Be sure to look for the signature, "Alex. G. Maclean," on bottle and tablet. None other is genuine Maclean Brand Stomach Powder. 110

### Takes Salute of Parade

From a base on the lawn of the Empress Hotel, Lieutenant-Governor Eric W. Hamber yesterday took the salute of the warriors, past and present, in the half-mile-long Armistice Day parade. Flanked by army and navy officers and members of the provincial and civic governments, the Lieutenant-Governor watched the veterans, battalion strong, and naval, permanent force and militia detachments march away from the service at the Cenotaph.

### Man Shouts While King At Cenotaph

Police Hurry Unbalanced Individual Away From London's Armistice Event

Canadian Press

LONDON (CP) — As the King stood bareheaded before the Cenotaph, memorial to the war dead, leading the Empire's observance of the 19th anniversary of the Armistice, the solemn observance was marred by shouts of a man escaped from a lunatic asylum.

The incident Thursday, starting as it was, has been dismissed as quickly as it occurred. It shattered the silence of Whitehall like a lightning thrust, but bore no significance.

The man, identified as Stanley Storey, who escaped September 21 from the Cane Hill Asylum in Surrey, struggled through guards to within seven yards of His Majesty's slim, khaki-clad figure and shouted:

"All this is hypocrisy — you're deliberately preparing for war!"

He was quickly subdued by police and taken away.

"KING DAVID"

As Home Secretary Sir Samuel Hoare later told the House of Commons, Storey probably would not face criminal proceedings, but was likely to be returned to an asylum. W. W. Astor, M.P., said Storey "suffers under the delusion he is King David."

And so the incident which disturbed thousands gathered for the Armistice service and tens of thousands who heard by radio the man's shouts, and screams by women in the immediate vicinity, can be placed in the category of a mere unfortunate memory.

His Majesty could not know at

the time the man was unarmed. For an instant it might have appeared to him an attempt on his life. Unquestionably he heard the shouting, screaming and even sufficing that stood out like claps of thunder in the deep silence ushered in 15 seconds earlier by Big Ben booming 11 a.m.

But his posture and his bowed tribute to the dead was unaltered. He went through the prolonged ceremony of laying a wreath on the memorial to Field Marshal Earl Haig and of meeting numerous personages immediately after the Cenotaph ceremony as if unconscious of any untoward event.

In the evening the King and Queen, with Queen Mother Mary attended the British Legion Festival of Remembrance in the Albert Hall.

A crowd of 9,000 ex-servicemen welcomed the royal party warmly and their Majesties joined in singing "Pack Up Your Troubles in Your Old Kit Bag," and "Tipperary."

All through the evening people walked past the Tomb of the Unknown Soldier in Westminster Abbey, many strewing there the poppies they had bought earlier in the day.

Hundreds of mourners walked on through the Field of Remembrance, a green plot in the shadow of the Abbey walls.

Coincident with the service at the Cenotaph, Westminster Abbey was filled for a brief memorial service around the Tomb of the Unknown Soldier.

BROKE LINES

The King had just laid his wreath at the base of the Cenotaph when Storey broke through two lines of youthful sailors and stumbled into the cleared area where His Majesty stood facing the Cenotaph.

Queen Elizabeth and Queen Mother Mary looked down anxiously from the Home Office windows as police broke through the lines and overtook the man, piling on him three yards in front of the sailors, muffling his shouts but not altogether preventing his mutterings.

TELEVISION RECORD

The British Broadcasting Corporation caught the incident in a television broadcast. It was the first time in history such an event was reported by television.

A Press Association reporter, in an office a mile from Whitehall, clearly saw and heard the incident.

"Big Ben had just chimed the hour," he said, "and no sooner had the television camera been focused on the memorial than the incident occurred."

"A man who had been standing near the cabinet ministers was heard to shout about hypocrisy."

"His other cries were drowned by the clatter of hoofs of the mounted policemen's horses and the shuffle of feet as the man was removed. The King, mourners and troops around the Cenotaph stood motionless."

Hundreds of television set owners — BBC has estimated there are 3,000 sets in England — saw and heard the same thing.

### Duncan Council Has Light Agenda

DUNCAN — Regular meeting of the Duncan City Council was held on Tuesday evening, all members present and Mayor James Greig in the chair. A request from the hospital that the appearance of the bank behind the retaining wall be improved was referred to the streets committee.

An appeal against the decision of the building inspector was received, wherein he had refused permission to repair a wooden building damaged by fire, behind the Jaynes block. The decision was upheld.

The fire wardens recommended the loan of a hose reel to Fairbridge Farm School, and also the sale of the chemical outfit, if they require it. The streets and traffic regulations bylaw received its first three readings.

The court of revision of the voters list, Aldermen Lee and Marsh and the mayor, will sit December 10. The court of revision for the assessment roll is set for February 8.

A request for permission to replace a gasoline pump on a city street was refused. Aldermen Savage and Lee were appointed a committee to revise clauses in the revenue by-law covering license fees paid by garages and other automobile services. The clerk was instructed to institute prosecutions in all cases where heavy trucks cross the sidewalks, contrary to the Streets Regulation By-law.

### CHINESE PRESBYTERIAN Y.P.S.

The annual election of officers of the Chinese Presbyterian Y.P.S. was held recently, Vice-president Thomas Wong presiding.

The election was conducted by Miss G. Scott, and results of the election were as follows: President, James Chow; vice-president, Jung Hope; secretary, Thomas Wong; treasurer, Louis Lam; social committee, Rebecca Leung, Mabel Chan, Leslie Wong and Allan Chan; newspaper reporters, Chinese, Wallace Lim; English, Ruth Lee.

The meeting adjourned with the repeating of the Lord's prayer in unison.

The Native Daughters of B.C., Post No. 3, held their monthly meeting on Wednesday evening in the Knights of Columbus Hall. Mrs. J. Brown, the chief factor, presided. Mrs. Dalziel gave a report on the last meeting of the Local Council of Women. Mrs. Hubbard gave a report on various members who have been ill recently and some of the members absent through illness were welcomed back again. The report on the bridge party held recently by the Post was given by Mrs. J. King. The Grand Chief Factor, Miss Jessie Williamson of Vancouver will make her official visit to Post No. 3 at the end of the month. Plans were made to entertain her during her stay. The attendance prize was won by Mrs. B. Hawkins. After the business meeting an enjoyable social hour was spent and delicious refreshments were served by the following hostesses: Mrs. F. Bomeray, Miss Ina Tait, Mrs. H. Campbell and Mrs. J. Brown.

Lake Hill Women's Institute will hold a "500" party on Monday evening at 8 in the Community Hall. The members will hold an auction sale of aprons during the evening. As the affair is in aid of the Christmas funds, which are used to provide cheer to the needy, it is hoped there will be a good attendance.

If the land in the United States proper were divided equally among its inhabitants, each person would get 18 acres.

### WHY "ASPIRIN" ACTS SO FAST ON "Nervous Headaches"

Two way action needed to ease pain and quiet nervousness for relief of this most common type of headache. Speed essential for best results.

**Insist on "Aspirin" — accept no substitute**

The inexpensive way to ease headaches—if you want fast results—is with "Aspirin".

The instant pain starts, simply take 2 "Aspirin" tablets with a half glass of water. Usually in a few minutes relief arrives.

"Aspirin" tablets are quick-acting because they disintegrate in a few seconds—ready to start their work almost immediately after taking.

"Aspirin" tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited, of Windsor, Ontario. Look for the name Bayer in the form of a cross on every tablet.

DEMAND AND GET—  
"ASPIRIN"

IT IS NOT SURPRISING that so many Canadian men of today show preference for Penman's Knitted Products. In their boyhood many of them enjoyed the comfort, health and fit of Penman's "95" and "71" Underwear. Today they still look upon these lines as their guide to underwear value.

## DEPARTMENT OF NATIONAL DEFENCE

TENDERS FOR THE CONSTRUCTION OF  
ROYAL CANADIAN AIR FORCE MAGA-  
ZINES AT KAMLOOPS, B.C.

Sealed tenders, enclosed in envelope  
marked "Tender for Magazines at  
Kamloops, B.C." and addressed to the  
Director of Contracts, Department of  
National Defence, Ottawa, Ont., will be  
received until 12 o'clock noon of the 26th  
November, 1937.

Tenders will not be considered unless  
made on the forms supplied by the De-  
partment and in accordance with the con-  
ditions set forth therein. These forms,  
together with plans and specifications, may  
be obtained on application to the Director  
of Contracts, Department of National De-  
fence, Ottawa, or to the District Officer  
Commanding, Military District No. 11,  
Victoria, B.C.

Each tender must be accompanied by a  
certified cheque on a chartered bank in  
Canada, payable to the order of the  
Honourable the Minister of National De-  
fence for ten per cent (10%) of the  
amount of the tender.

The cheque of the successful tenderer  
will be forfeited should he decline to enter  
into a contract for the work, or should he  
fail after accepting the contract to com-  
plete same in accordance with the plans  
and specifications.

The Department does not bind itself to  
accept the lowest or any tender.

## HARD LUMPS CAME ON HER LEGS

Ankles and Feet Swollen  
With Rheumatism

Rheumatism sent this woman to  
bed with lumps, swellings, and in-  
flammation. Yet these symptoms  
soon disappeared, as they always  
will do when the root cause is  
removed. This letter tells you the  
method she used:

"I was taken ill with terrible  
rheumatic pains in my legs. They  
were badly inflamed, swollen, and  
they were partly covered with red,  
hard lumps. To put my foot down to  
the ground was agony. After I  
had been in bed for 16 days, suffer-  
ing agony all the time, my  
husband said, 'You can't go on  
suffering like this, let us try  
Kruschen Salts.' He got a bottle,  
and almost from the first I felt  
benefit. Before long, I was com-  
pletely relieved — swellings, in-  
flammation, and lumps all gone —  
and I am up again and doing my  
housework." (Mrs. E.L.)

Do you realize what causes a  
good deal of rheumatic pain?  
Nothing but sharp-edged uric acid  
crystals which form as the result  
of sluggish eliminating organs.  
Kruschen Salts can always be  
counted upon to clear those pain-  
ful crystals from the system.

## MEET AGAIN ON SCHOOL WAGES

Further Meeting On  
Teachers' Salary Issue  
Scheduled Shortly

Possible revision of school  
teachers' salaries will be dis-  
cussed at a meeting towards the  
end of this month, Trustee W. C.  
Moresby, K.C., chairman of the  
school board, stated at a meeting  
Wednesday evening.

His announcement followed  
presentation of the teachers' case  
by Col. W. N. Winsby, George H.  
E. Greene, Claude L. Campbell  
and Miss Ella G. Cameron. The  
teachers' delegates urged the  
board to restore suspended an-  
nual increments and to restore  
wage cuts by 5 per cent.

Trustee Moresby stated the  
present board was without a bud-  
get surplus, could not bind the in-  
coming board to any wage policy  
and felt it could accomplish  
nothing definite on the salary  
issue until the provincial govern-  
ment survey had been conducted.

## RESIGNATION ACCEPTED

During the meeting the board  
accepted with regret the resigna-  
tion of Trustee Moresby, to be-  
come effective at the end of the  
year.

General accounts of \$3,715.49,  
building accounts of \$560.33 and  
salaries of \$37,523.26 were passed.  
Reports showed total school at-  
tendance was 4,989 in October,  
compared with 4,957 in Septem-  
ber. October high school attend-  
ance was 1,089. There were 516  
at Central Junior High School.

Night school attendance was 865.  
During October, 1,904 pupils  
were inspected by school nurses  
and 346 physically examined.  
There were 310 dental operations.  
A report on building and  
grounds work was received from  
Donald Cameron, supervisor. Pay-  
ment of \$57.54 will be made to  
George W. Peacock, 1024 Finlay-  
son Street, for damages to goods  
in his store window, broken by a  
football, if the board finds the  
bill legitimate.

The city's offer of lots behind  
the Scott Block for playing field  
purposes, was tabled pending  
study of the conditions upon  
which they were offered.

Chair rent of \$100 will be ac-  
cepted from the B.C. Agricultural  
Association for chairs provided at  
the exhibition grounds.

## ALL OF CANADA PAYS TRIBUTE TO WAR DEAD

(Continued from Page 11)

was better to live cautiously than  
to live dangerously.

"The greatest possible care has  
to be taken to see that, through  
some mistaken step or misdi-  
rected effort, a very large fire is  
not started in an attempt to put  
out a much smaller one," he said.  
"We cannot strive too diligently  
to confine all areas of conflict."

"If areas of actual conflict have  
been confined to the extent they  
have, it is because some nations  
have been strong enough and  
great enough to preserve, almost  
to the limit of endurance, an at-  
titude of restraint. As other na-  
tions have exhibited less in the  
way of restraint, fellowship be-  
tween peace-loving nations has  
been quickened and strength-  
ened," said Mr. King. "Internat-  
ional fellowship thus developed  
is the surest guarantee of an ul-  
timate and enduring peace."

Brig-General Ross said the  
primary responsibility devolved  
on all individuals to determine the  
sacrifices they were prepared to  
make, the support they were pre-  
pared to offer those like-minded,  
in preserving peace, and ensuring  
the observance of those principles  
essential to the maintenance of  
civilization.

Sir Frederik Maurice declared  
peace, with security, was the  
world's crying need.

M. Desbros recalled the Cana-  
dian Legion's pilgrimage last year  
to Vimy Ridge and emphasized  
the warmth of France's feeling  
for Canada.

MACKENZIE SPEAKS  
PETERBOROUGH, Ont. (CP)  
—If Canada's 60,000 Great War  
dead could return "they would be  
broken-hearted over the apparent  
wreckage of our civilization." De-  
fence Minister Ian Mackenzie de-  
clared here in an address at an  
Armistice-Day meeting.

"The watchwords of the Cana-  
dian Legion should be the watch-  
words of the world—unity, com-  
radeship and peace," Mr. Macken-  
zie said. "And yet, while we  
treasure the ideals for which our  
men died, we are constrained to  
be realists. We must face the  
duty that remains for us. We  
must not leave Canada defence-  
less before land-hungry, free-boot-  
ing nations or swashbuckling in-  
ternational gangsters."

"We Canadians have a country  
worth keeping and deserving from  
us—the same measure of  
loyalty and devotion which was  
given by them whose memory we  
honor today."

AT VANCOUVER  
VANCOUVER (CP)—Darkness  
closed yesterday evening under a  
rain-clouded sky and ended an

other Remembrance Day observ-  
ance of Canada's war dead.

Earlier hundreds of citizens had  
braved a cold, drizzling day to  
gather at Vancouver's Cenotaph  
with representatives of military  
and police services in honor of  
the Dominion's soldiers who fell  
in the Great War.

Prior to the two-minute silence  
at 11 o'clock units paraded from  
the Cambie Street playing field,  
a block distant, to Victory Square.

Service uniforms of the army,  
navy and air service formed along  
the square, with the colorful dress  
of the Royal Canadian Mounted  
Police, kilts, Highlanders and  
silver-pauletted blue tunics of  
the British Columbia Light Horse.

Brig-Gen. Victor Odium gave  
the remembrance address.

As Stanley Park's Brockton  
Point gun boomed out signaling  
the hour of 11 a.m., citizens bared  
heads to the drizzling rain, units  
stiffened to attention and the  
Cenotaph guard of honor—air  
force, army, navy and R.C.M.P.—  
bowed heads over grounded arms.

In common with Canada, all  
parts of the Empire and most  
of the countries allied to it in the  
Great War paused Thursday and  
observed the 19th anniversary of  
the war's closing.

Appropriate services were held  
in New Zealand, Australia, the  
Union of South Africa and India  
and the British West Indies.

France held a gigantic military  
and aerial review, centred around  
the Arc de Triomphe in Paris.

In the Arlington Cemetery at  
Washington President Roosevelt  
placed a wreath on the Tomb of  
the Unknown Soldier.

## COMEDY STAGE SHOW MONDAY

"Room Service," Coming to  
Royal Victoria, Was  
Smash-hit in East

"Room Service," the New York  
comedy hit coming to the Royal  
Victoria Theatre on Monday, was  
originally tried out in Philadel-  
phia two years ago by Sam H.  
Harris.

Recognizing its possibilities, Mr.  
Harris found fault with the first  
and third acts, and asked George  
Abbott to collaborate with John  
Murray and Allen Boretz, its  
authors, in revising the script.

When first tried out, "Room  
Service" was a three-set show  
with many complicated changes.  
Mr. Abbott reduced this to one  
set. Other nonessentials were  
eliminated, including superfluous  
parts. Finally last May, Mr.  
Abbott decided that the authors  
had revised their opus sufficiently  
and the production opened in  
Baltimore.

Following that, the piece went  
into New York, developing into  
a smash-hit immediately. The  
company to be seen here was then  
organized and directed by Mr.  
Abbott, with the help of Edith  
Van Cleve, his associate director,  
at the Cort Theatre, New York. It  
accordingly opened successfully  
in Detroit, moved on to San Fran-  
cisco for five weeks, then to Los  
Angeles for four weeks and finally  
went touring.

The cast of the piece to be seen  
in Victoria, drawn from the Ab-  
bott Acting Company, is composed  
of experienced Broadway players.  
They are Robert Williams, Joseph  
Greenwald, Matt Briggs, Fleming  
Ward, Clinton Sundberg, Mary  
Cheffey, Nat Cantor, Patricia  
Palmer, Marshall Bradford, John  
Clarke, Michael Dalmatoff, Her-  
bert Treitel, Edward Nannery,  
Russell Morrison, J. Ascher Smith  
and Alva King.

## Manila Typhoon Toll Mounting

MANILA (AP)—Typhoon casu-  
alty lists lengthened hourly as  
reports came from seven provin-  
ces and Manila districts ravaged  
by Thursday's storm.

Known dead were 15. A score  
of persons were missing, 16 of  
them being fishermen believed  
drowned when their boats cap-  
sized in high waves.

Ten died in Manila, eight by  
contact with dangling wires and  
two from injuries and exposure  
Five others met death in Rizal  
province.

Red Cross workers reported the  
damage less serious than first be-  
lieved, but some stricken areas  
will require relief.

Bulacan Province damage was  
estimated at \$500,000, and Ma-  
nila's damage \$15,000.

Pamanga Province advised 500  
native houses were blown down.

## BETTE DAVIS AT NEW PEAK

Stars in "That Certain  
Woman," Now Being Pre-  
sented at Dominion

Again given a photoplay that  
has plenty of scope for her unique  
emotional talents, Bette Davis  
comes to the Dominion Theatre  
today in "That Certain Woman."

Adventure... Romantic love...  
martyrdom... mother-love...  
are all portrayed by blonde Bette  
in this exciting drama. Her part  
in the play is much more impor-  
tant than the one in her recent  
"Kid Galahad," with Edward G.  
Robinson, and the role is even  
more tense and engrossing than  
the one she had in "Marked  
Woman," with Humphrey Bogart.

"That Certain Woman" is a  
story about the widow of a slain  
gangster, who, despite the scorn  
of the world and the persecution  
of enemies, wins her way to busi-  
ness success and to the affections  
of a worthwhile man.

Henry Fonda carries the male  
romantic interest, while others in  
the cast include Ian Hunter, Anna  
Louise, Donald Crisp, Hugh  
O'Connell, Mary Phillips and  
Herbert Rawlinson.

## ATLAS SHOWS "WILD MONEY"

Fast-moving Newspaper  
Comedy With Edward  
Everett Horton

A fine cast of comedians, aided  
by an excellent script by a pre-  
mier writer of light fiction, com-  
bine to provide a thoroughly satir-  
fying and sometimes hilarious  
comedy in "Wild Money," show-  
ing at the Atlas Theatre today.

The cast is headed by Edward  
Everett Horton and includes  
Lynne Overman, Porter Hall,  
Lucien Littlefield, Penny Baker,  
and many others. Louise Camp-  
bell, New York stage beauty,  
makes her initial film appearance  
in this picture. She is a sterling  
beauty, is an accomplished actress  
and shows splendid promise.

"Wild Money," screen treatment  
of Paul Gallico's popular "Tight-  
wad," is the story of a penny-  
splitting auditor, played by Hor-  
ton, who goes wild when he is  
suddenly given unlimited funds  
with which to "sew up" an im-  
portant newspaper story. The  
manner in which he does the  
"sewing up" manages to capture  
a kidnapper, free his victim—and  
win the hand of the fair Miss  
Campbell, makes brisk and fast  
moving comedy which the entire  
family will enjoy.

"Wild Money" was directed by  
Louis King.

Spencer Tracy appears in "Big  
City" with Luise Rainer.

## PLAZA THEATRE

"Trouble in Morocco," Jack  
Holt's new Columbia picture, is  
now at the Plaza Theatre. It is  
the story of two rival foreign  
news correspondents, a man and  
a woman, who get mixed up with  
the French Foreign Legion. Mae  
Clarke plays the leading feminine  
role, while featured parts are  
taken by C. Henry Gordon, Harold  
Huber, Victor Varconi, Paul  
Hurst, Bradley Page and Oscar  
Apfel. Ernest B. Schoedsack di-  
rected from J. D. Newsom's story.

## Popular Operetta At the Capitol

"The Firefly," impressive ad-  
aptation of Rudolf Friml's great  
operetta, with Jeanette MacDon-  
ald and Allan Jones in featured  
roles, will open at the Capitol  
Theatre tomorrow.

One of the greatest film produc-  
tions of 1937, "The Firefly" marks  
Miss MacDonald's 17th musical  
triumph.

The film is not only the vehicle  
for outstanding music, but also  
presents an engrossing story of a  
dramatic romance.

Hunt Stromberg and Robert Z.  
Leonard, who produced and di-  
rected "The Great Ziegfeld," last  
year's Motion Picture Academy  
award, have again combined their  
talents. The settings are lavish.

The picturesque scenes have a  
background of unforgettable  
beauty.

Five of the seven musical num-  
bers are from the original oper-  
etta, and two were written  
by Friml especially for the pic-  
ture.

Miss MacDonald dances pleas-  
ingly and sings "Love Is Like a  
Firefly," "He Who Loves and  
Runs Away," and "When a Maid  
Comes Knocking at Your Heart";  
and Jones sings "A Woman's  
Kiss" and "The Donkey Sere-  
nade." Duets are "Giannina Mia"  
and "Sympathy."

## "Elephant Boy" At Oak Bay

Film Showing at Suburban  
Theatre Based on Rudyard  
Kipling Story

Alexander Korda's "Elephant  
Boy," which has taken nearly  
three years to produce, is showing  
at the Oak Bay Theatre today.

Robert Flaherty, who co-directed  
the picture with Zoltan Korda,  
spent two years in India filming  
exterior scenes. Flaherty and his  
assistants made their headquar-  
ters in Mysore, which has only 20  
Europeans in a population of  
50,000.

The film is based on the Rud-  
yard Kipling story, "Toomai of  
the Elephants." The little Toomai  
of the story is played by a 13-year-  
old orphan boy, Sabu, whom Fla-  
herty found eking out a miserable  
existence in the Maharajah's  
elephant stables. Sabu, whose  
father was killed in the Mahara-  
jah's service, received a pension  
of two rupees a month and a daily  
handful of rice. The Kala Nag of  
the story is played by Iravatha,  
said to be the largest elephant in  
captivity.

"Breezing Home," with William  
Gargan and Wendy Barrie, is the  
second feature.

The temperature is 210 degrees  
—almost boiling—at a depth of  
9,000 feet in a well drilled for oil  
in Boulder County, Colorado.

According to computations,  
1,355 pounds of food are con-  
sumed during one year by each  
adult in the United States.
